TOWN HALL 220 PLANDOME ROAD MANHASSET, NY 11030 (516) 869-6311 FAX (516) 627-4204

Supervisor JUDI BOSWORTH

July 30, 2018

Honorable Members of the Town Board and Residents of the Town of North Hempstead:

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Town of North Hempstead, New York (the "Town") for the year ended December 31, 2017. The financial statements have been audited by the accounting firm selected by the Town Board, Albrecht, Viggiano, Zureck & Company, P.C. The auditors' unmodified opinion is included in this report.

The Town received its seventh Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association ("GFOA") for the December 31, 2016 report. Certificates are awarded to those governments whose annual financial reports are judged to conform to generally accepted accounting principles promulgated by the Governmental Accounting Standards Board. It is my belief that the December 31, 2017 financial report continues to meet the requirements of the Certificate of Achievement Program.

This report is published to provide the Town Board, Town employees, residents, bond holders and other interested parties with detailed information concerning the Town's operations and financial positions.

The preparation of this report could not have been accomplished without the dedicated effort of the entire staff of the Comptroller's Office and the cooperation of other Town departments. Their hard work enhances the accounting and financial reporting of the Town to the Town Board and in turn to the residents of the Town of North Hempstead.

Sincerely,

the Dowost

JuduBosworth Town Supervisor

Supervisor JUDI BOSWORTH

Deputy Supervisor ALINE KHATCHADOURIAN

Town Board VIVIANA L. RUSSELL PETER J. ZUCKERMAN ANGELO P. FERRARA ANNA M. KAPLAN LEE SEEMAN DINA M. DE GIORGIO

Acting Comptroller/Director of Finance JESSICA A. LAMENDOLA

Chief Deputy Comptroller TANIA ORENSTEIN

July 30, 2018

Honorable Members of the Town Board and Residents of the Town of North Hempstead:

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Town of North Hempstead, New York (the "Town") for the year ended December 31, 2017.

The CAFR is prepared by the Comptroller's Office with assistance from many members of the Town government. The Town and its management are responsible for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. The Town has established a comprehensive system of internal controls concerning its finances and the internal controls provide management with confidence in the accuracy of the information presented in the CAFR. Our internal controls have the objective of providing reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Albrecht, Viggiano, Zureck & Co. P.C., Certified Public Accountants, have issued an unmodified auditors' report dated July 30, 2018, for the Town and its discretely presented nonmajor component units as of December 31, 2017. Their report may be found at the beginning of the Financial Section.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

#### **Profile of the Government**

Originally, the Town of North Hempstead was part of the Town of Hempstead, which was a tract of land that was purchased by a group of 30 settlers in 1643. The Town of Hempstead spanned the width of Long Island from the Long Island Sound to the Atlantic Ocean.

In the 1770's, residents in the northern part of the Town predominantly sympathized with the forces for independence. On September 23, 1775, a group of leading residents adopted a declaration seceding from the Town of Hempstead, and British rule generally, creating what would become the Town of North Hempstead. British forces occupied the Town after the Battle of New York in 1776, an occupation that did not end until 1783. The division of Hempstead into North and South was ratified by the New York State Legislature in 1784, and North Hempstead officially became a separate township.

In the 19<sup>th</sup> century, North Hempstead became the seat of Queens County, which included the three eastern Towns of North Hempstead, Hempstead and Oyster Bay. In 1899, these Towns formed the new Nassau County when the remainder of Queens County joined New York City. The Cities of Glen Cove and Long Beach were later created out of portions of Oyster Bay and Hempstead, respectively.

The Town is located at the western end of Nassau County adjacent to the Borough of Queens in New York City. On the East, it is bordered by the Town of Oyster Bay, on the South by the Town of Hempstead and on the North by the Long Island Sound.

North Hempstead includes all of Manhasset Bay and portions of both Little Neck Bay and Hempstead Harbor. The Town has two beaches, one within Manhasset Bay and one within Hempstead Harbor. Manhasset Bay in Port Washington is also the location of the Town Dock, which hosts a public mooring field, a kayak launch, docking facilities, and also serves as a fishing spot and the starting point for a harborside trail. A non-motorized boat dock was added during 2018 in Hempstead Harbor, bringing the total to two non-motorized boat docks at this location. The Town maintains boat launching sites on Manhasset Bay and Hempstead Harbor.

In 1997, the Town opened the Harbor Links golf and athletic complex on a reclaimed sand mine in Port Washington. The complex includes an award-winning, Audubon-certified 18-hole championship golf course, a 9-hole executive course, a miniature golf course and four multi-purpose athletic fields. A clubhouse with a pro shop, men's and women's locker rooms, a grill room and a 300-person capacity ball room opened in 2006.

Other Town-wide recreational opportunities include seasonal pool facilities in Port Washington, Manhasset, and New Cassel, and numerous athletic fields at parks throughout the Town.

The Town has two major recreational facilities. The "Yes We Can" Community Center in New Cassel opened in 2012 with one NBA-sized basketball court, two high school courts, a fitness center, dance and TV studios, and community meeting rooms. The Tully Center has an indoor pool and offers many recreational classes in exercise rooms.

Water is received from the Water Authority of Western Nassau, the Water Authority of Great Neck North and eight Commissioner Operated Water Districts within the Town. Electricity and natural gas are furnished by PSEG-Long Island, which operates the Long Island Power Authority's transmission and distribution system and National Grid, respectively.

The Town is within easy commuting distance of New York City. The Long Island Rail Road, which has frequently scheduled trains, accommodates daily commutes and trips to New York City on three lines from 10 stations within the Town. The Town is connected with New York City and other nearby points by four main east-west highways: Route 25A (Northern Boulevard), Route 25 (Jericho Turnpike), Northern State Parkway and the Long Island Expressway. Town residents may also travel from nearby John F. Kennedy International, LaGuardia or Long Island-MacArthur Airports.

Colleges and universities located in or near the Town include Adelphi University, Long Island University (C.W. Post University), New York Institute of Technology, SUNY at Old Westbury and the U.S. Merchant Marine Academy at Kings Point.

Town hospitals include Northwell Health Systems (formerly North Shore-Long Island Jewish Medical Center), St. Francis Hospital, and Winthrop University Hospital.

The Town of North Hempstead is governed by Town Law and other general laws of the State of New York and various local laws and ordinances. It is classified by New York State as a suburban town. The Town includes 31 incorporated villages. In addition, there are 16 unincorporated hamlets in the Town. The Town encompasses an area of over 53.58 square land miles.

The Town of North Hempstead's Receiver of Taxes collects taxes for 10 public school districts within the Town of North Hempstead and three school districts that have parcels in North Hempstead, but are largely in other adjacent towns.

The chief executive officer of the Town is the Supervisor, who is elected for a term of two years. The Supervisor is also a member of the Town Board. The other six members of the Town Board are elected to four-year terms. The terms are staggered so that every two years, three council members run for election. There is no limitation on the number of terms that may be served by the Supervisor and members of the Town Board. The Supervisor is elected at large while council members are elected through council districts. The Town Clerk and Receiver of Taxes are elected for four-year terms and, like the Supervisor, are elected at large.

Services are provided to residents by the following Town Departments: 311 Call Center, Administrative Services, Building and Safety Inspection, Community Services, Comptroller, Department of Services for the Aging, Highway, Human Resources, Information Technology, Parks and Recreation, Planning and Economic Development, Public Safety, Public Works (including Lighting and Sidewalks Divisions), Receiver of Taxes, Town Supervisor, Town Attorney and Town Clerk. Certain sanitation services are provided through the Town's Solid Waste Management Authority ("SWMA"). SWMA's assets, liabilities, revenues and expenditures are included in the financial statements of the Town.

Police protection is provided by Nassau County, seven village police departments and by the Port Washington Police District whose patrol area is limited to portions of the Port Washington peninsula. Fire protection is provided by four independent fire districts and seven fire protection districts which are funded through contracts and are considered to be Town operated for financial reporting purposes.

The Town Board appoints the Town Attorney, Comptroller and Superintendent of Highways. The Supervisor appoints the Deputy Supervisor, as well as Commissioners, Department heads and other members of her staff.

The Town has 47 special districts, of which 20 are Town operated and included in Primary Governmental Activities for financial reporting purposes. Of the remaining 27 districts, 21 are reported as "Discretely Presented Nonmajor Component Units" and 6 districts (2 library funding and 4 fire) are excluded. Inclusion in or exclusion from the financial statements is determined by whether there is a financial or operational interdependence between the Town and the District. Generally, the interdependence is predicated on the authority or lack of authority of the District to tax and borrow. Where such authority is lacking, the Town taxes and borrows in its own name, on behalf of the District. The Town Board appoints the Town's Community Development Agency ("CDA") Board of Directors and the CDA is included as a discretely presented nonmajor component unit in the financial statements so as not to be misleading or incomplete.

Each year, the Town Board is required to adopt a budget, no later than November 20, for the following calendar year. It has been the consistent practice of the current Town administration to adopt the budget before Election Day. The budget is prepared by fund, department (which generally equates to function), down to individual expenditure line item. The adopted budget includes major and nonmajor funds and excludes the CDA, capital projects and debt service funds. The CDA is excluded from the budget, as its principal source of revenue is funding from the U.S. Department of Housing and Urban Development. Capital projects are budgeted on an individual project basis, with debt service and related costs budgeted in the Town operated general, highway, public parking, sidewalk, lighting and three park district funds, respectively. NYS legislation enacted in 2006 permitted the merging of the highway and part town funds into the Town Outside Villages ("TOV") fund and financial reporting may be done on a combined basis. Department heads may reallocate budgeted amounts within their departments without Town Board approval. Transfers between departments require the approval of the Town Board.

#### Local Economy

The Town's award-winning hospitals and other medical providers offer an employment base for a largely highly educated and affluent population. These facilities not only employ thousands of local residents, across a wide spectrum of occupations, but also bring thousands of patients and their families to the Town. This pool of employees and customers further support a wide range of local businesses, from hotels to restaurants to retail establishments.

Based on New York State Department of Labor statistics, the Town's unemployment rate, remained at 3.6% at December 2017 (https://labor.ny.gov/stats). This number continues to be below that reported for New York state (4.4%) and the nation (3.9%) for the same period. A review of the Town's historical unemployment trend shows that the unemployment rate continues to be relatively low, indicative of a sound economic base. The Statistical Section of this report lists these and a number of additional economic indices whose trends are also favorable.

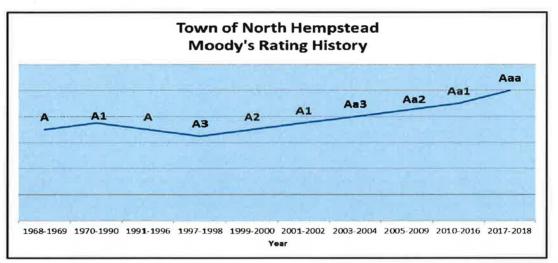

The Town's proximity to New York City also makes it a highly desirable suburban location for commuters, attracted to the ease of access to employment. Residents' access to the Town's highly regarded public, private and parochial schools and overall quality of life is another reason why people choose to live in North Hempstead. In addition, the Town residents are less than a one hour drive from New York City's museums, theaters and other cultural activities.

#### Impact of Superstorm Sandy on the Town

As a result of Superstorm Sandy (the "Storm") in 2012, the Town sustained damage, mainly from wind, downed trees and floodwaters. Many Town roads had numerous large trees fall, damaging sidewalks and obstructing the right-of-ways. Fallen trees and debris were removed by the Town's workforce and outside contractors. Several Town parks and recreational facilities also incurred damage. Town employees undertook emergency protective measures to prepare for and respond to the needs of residents. The Town's costs for emergency protective measures, debris removal and other recovery efforts total approximately \$55 million to date, with the work to continue for several years. Since the Storm, the Town has been reimbursed approximately \$22 million in Federal and State funds. It is expected an additional \$33 million will be reimbursed to the Town in future years for eligible work at North Hempstead Beach Park, Tully Park Aquatic Center and Manorhaven Beach Park.

#### Long-Term Financial Planning

The Town achieved a Aaa bond rating from Moody's Investors Service with a stable outlook in March of 2017. This rating reflects strong fiscal management marked by conservative budgeting and maintenance of solid reserve levels. The Town is committed to remaining fiscally responsible with the goal of maintaining its bond rating in future years.

The Town's Capital Plan, which is revised annually, projects the Town's capital projects over the next five years. The estimated cost for each capital project is quantified and the related funding sources identified. This level of granular detail permits Town government to plan with reasonable specificity and budget responsibly, while managing its debt levels.

#### **Relevant Financial Policies**

The Town of North Hempstead is governed by financial policies pursuant to laws of the State of New York. In addition, the Town has adopted and adheres to a set of Financial Management Polices that includes the following: Debt Management, Fund Balance, Investment, Purchasing, Capital Asset, Petty Cash and Change Bank, and Employee Reimbursement and Travel. The annual budgetary process contributes to prudent fiscal planning, by using conservative revenue and expenditure forecasting in the preparation of Town budgets. All policies are designed to strengthen internal controls and are reviewed annually.

#### **Major Initiatives**

The Town has a significant focus on transparency in government and has made many changes to make information easily available to residents. Specifically:

- New ethics reforms were approved including a new anti-nepotism law to bolster and clarify the Town Code of Ethics;
- More competitive procurement policies with a greater focus on participation by minority and women owned firms;
- Transcripts of Town Board and Board of Zoning Appeals proceedings are posted on line;
- Town spending is posted on line through the "open gov" application.

The Town continues to handle requests for services or information through its 311 calling and tracking system, which received 173,344 resident calls in 2017. Town officials monitor the effectiveness of how the Town addresses constituents' concerns through the management initiative known as "TownStat". In 2017, for the seventh consecutive year, the Town received a certificate from the International City/County Management Association's (ICMA) Performance Management Certification Program for North Hempstead's TownStat Performance Measurement and Management Program.

The Town has placed a special emphasis on ensuring the health and well-being of our senior population. Project Independence, our nationally-recognized "aging-in-place" senior program continues to expand throughout North Hempstead, with seven local offices. The program successfully links seniors with services ranging from medical and social service providers, to taxi rides for trips to the supermarket and doctor's appointments, to assistance with repairs. Project Independence, which is served by the Town's 311 system, handled 26,181 service requests in 2017, and has helped thousands of North Hempstead seniors maintain and improve their quality of life, making it easier for them to remain in their homes and part of our community.

In 2016 this program was expanded to provide transportation to Town residents with disabilities, the result of a suggestion by the Town's Disability Advisory Committee. Rides are provided on request to residents with a disability in areas where the transit system's Able Ride does not operate. In 2017, this program provided 64 taxi trips.

The Town enacted the Tobacco 21 legislation, prohibiting anyone under the age of 21 from buying tobacco products in the Town. North Hempstead was the first municipality in Nassau County to enact this age restriction with the County, Town of Hempstead and many villages following suit.

The Town's Office of Sustainability holds a variety of classes at Clark Botanic Garden to encourage residents to learn to garden greener, save water and use natural fertilizing methods. Classes include "How to Build a Rain Garden", "Native Plant Gardening", "Recycle the Rain" using rain barrels and "Learn How to Compost".

The Town's Animal Shelter once again worked with the not-for-profit The Shelter Connection to offer free microchips to dogs and cats of Town residents. Microchipping allows dogs and cats to be electronically identified through a unique, permanent, tamper-proof identification number, increasing the odds of reuniting them with their owners if they became lost or stolen. This is a service performed for 16 pets in 2017. Also in 2017, the Animal Shelter and in conjunction with the Nassau County Department of Health the Town offered a free rabies clinic. In 2017, 190 pets were treated.

The Town currently has Intermunicipal Agreements ("IMA's") with municipal entities, including incorporated villages, and school, library, water, water pollution control, and police districts. These agreements cover a broad range of shared services, including: repaving, street sweeping, storm basin cleaning, street sanding, salt storage, snow removal, tree pruning, sign making, and dumping services at reduced costs, for the benefit of the taxpayers.

The Town has established a number of recurring festivals and programs. Amongst the many festivals and events that the Town hosts are:

- **Polar Plunge**, where hundreds of brave souls dive into Hempstead harbor at North Hempstead Beach Park each winter in support of the Special Olympics;
- **Spring Festival**, a family-friendly event that celebrates spring and the environment at the Town's beautiful Clark Botanic Garden;
- Asian-American Festival, celebrates the Town's vibrant Asian culture and diversity;
- Memorial Day Commemoration and Fireworks, a ceremony honoring the Town's Veterans highlighted by a fireworks display over the water;
- Summer Concert Series, the Town also presents an exciting schedule of summer concerts, at many of the Town's parks;
- **FunDay Mondays**, events for the Town's senior residents featuring fun activities, including live music, line dancing, book club, Zumba and Tai Chi;
- BeachFeast, a celebration of food, spirits, music and fun at North Hempstead Beach Park;
- KidStock, a day of fun and music for children held at Clark Botanic Garden;
- **Spooky Walk**, a Halloween celebration featuring a spooky trail thought the garden at Clark Botanic Garden.

The Town's TV station, North Hempstead TV (NHTV), broadcasts 24/7 with quality programs that educate and entertain. NHTV was recognized in 2017 by the Alliance for Community Media with an award for the Best Entertainment and Arts Series for the nature show "Off the Trail" and Best Public Service Announcement ("PSA") for a PSA on not leaving your dog in a hot car.

With these cornerstones in place, the Town will strive to continue to provide high quality service delivered in a transparent, accountable and efficient manner.

#### **Reporting Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of North Hempstead for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2016. This was the seventh consecutive year that the Town has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Acknowledgements

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Comptroller's Office and the guidance of our independent auditors, Albrecht, Viggiano, Zureck & Co., P.C. I would like to express my sincere appreciation to all members of the department who assisted in and contributed to its preparation.

Finally, I would like to thank the Supervisor and Members of the Town Board for their continuing support in planning and conducting the financial operations of the Town of North Hempstead in a responsible manner.

Respectfully submitted,

Jamendola

Jessica Lamendola, MPA Town of North Hempstead Acting Comptroller

## FINANCIAL SECTION

#### INDEPENDENT AUDITORS' REPORT

Honorable Supervisor and Town Board Town of North Hempstead Manhasset, New York

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented nonmajor component units, each major fund, and the aggregate remaining fund information of the Town of North Hempstead, New York (the "Town"), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of eighteen of the twenty-one nonmajor component units, Carle Place Garbage District, Glenwood Garbage District, Port Washington Garbage District, Roslyn Garbage District, Belgrave Water Pollution Control District, Great Neck Water Pollution Control District, Port Washington Water Pollution Control District, Carle Place Water District, Garden City Park Water District, Manhasset-Lakeville Water District, Port Washington Water District, Roslyn Water District, Westbury Water District, Great Neck Park District, Port Washington Police District, Shelter Rock Public Library District, Town of North Hempstead Community Development Agency, and Greater Port Washington Business Improvement District, which represent 95.3%, 95.2% and 95.1% respectively, of the assets, net position and revenues of the aggregate discretely presented nonmajor component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for those eighteen component units, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Carle Place Garbage District, Glenwood Garbage District, Port Washington Garbage District, Roslyn Garbage District, Belgrave Water Pollution Control District, Great Neck Water Pollution Control District, Albertson Water District, Glenwood Water District, Great Neck Park District, Shelter Rock Public Library District, and Greater Port Washington Business Improvement District, which are discretely presented nonmajor component units, were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

#### Auditors' Responsibility (continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented nonmajor component units, each major fund and the aggregate remaining fund information of the Town of North Hempstead, New York as of December 31, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

#### Change in Accounting Principle

As described in Note 1.H and Note 6 to the basic financial statements, the Town adopted the provisions of Governmental Accounting Standards Statement No. 73, "Accounting and Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68." In the fund level financial statements, the fire protection districts fund beginning fund balance was restated by \$5,674,173 for the recognition of the Town's proportionate share of the program assets. In the government-wide statements, the Town's January 1, 2017 governmental activities net position was restated by the net amount of the Town's proportionate share of the liabilities and the program assets which decreased net position by \$4,971,831. Our opinions are not modified with respect to this matter.

#### Restatements

As described in Note 7 to the basic financial statements, management of the Town determined that fund balances of the Town's highway and solid waste management authority fund at the end of 2016 have been incorrectly reported. Due to a subsequent adjustment in a Federal Emergency Management Agency ("FEMA") project worksheet, FEMA revenue of \$638,279 recorded in the solid waste management authority fund should have been recorded in the highway fund. The restatement had no effect on the results of the current period's activities or the overall Town's fund balance. Our opinions are not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the major fund budgetary comparison information, schedule of pension contributions for the pension plan, schedule of proportionate share of the net pension liability for the pension plan, schedule of proportionate share of the net pension liability, schedule of the length of service award program liability, schedule of the length of service award program liability, and schedule of funding progress for the postemployment benefits healthcare costs, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

#### Other Matters (continued)

#### Required Supplementary Information (continued)

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of North Hempstead, New York's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules (as listed in the table of contents) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the report of other auditors, the combining and individual nonmajor financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 30, 2018, on our consideration of the Town of North Hempstead, New York's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

albrecht, Viggiano, Zweeck & Company, P.C.

Hauppauge, New York July 30, 2018

## **REQUIRED SUPPLEMENTARY INFORMATION**

## **Management's Discussion and Analysis**

The management of the Town of North Hempstead (the "Town") provides this narrative overview and analysis of the Town's financial statements for the year ended December 31, 2017. We encourage readers to consider the information presented here together with additional information furnished in our letters of transmittal, which can be found in the introductory section of this comprehensive annual financial report (CAFR).

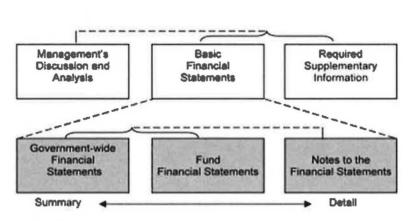

#### FINANCIAL HIGHLIGHTS

- The Town closed the year with a positive net position. Its assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of 2017 by \$170,553,309. The Town's total net position at December 31, 2017 increased by \$504,560 over the previous year, as restated.
- As of the close of 2017, the Town's governmental funds reported combined ending fund balance of \$80,930,702, an increase of \$31,487,532 when compared to the restated fund balance of \$49,443,170 at the end of 2016. The issuance of long-term bonds of \$46,992,625 in 2017 significantly impacted the combined governmental fund balance. As a result of the bond issuance, the capital projects fund balance changed from \$5,409,074 in 2016 to a fund balance of \$36,078,310 at the end of 2017.
- As of the close of 2017, the Town increased its total outstanding debt by \$23,230,596. The increase was primarily driven by issuance of debt through its Town Operated Special Districts, primarily the Clinton G. Martin Park District (\$21,500,000). Short-term debt was reduced by \$7,498,672, while long-term debt increased by \$30,729,268 over the prior year. This change is part of the Town's strategy to lock in lower interest rates as it manages its debt.
- The Town's general fund balance was \$14,336,685 at the close of 2017, an increase of \$18,375 compared to the prior year fund balance. The year-end performance was driven by the higher than budgeted mortgage tax revenue which was \$1,484,447 over budget, offset by higher than originally anticipated community college expenditures. The restricted, assigned and unassigned fund balance for the general fund was \$13,121,843 or 19.4% of total general fund actual expenditures and other uses.
- The Town's highway fund balance was \$7,695,696 at the close of 2017, an increase of \$699,616, primarily due to a restatement of the beginning fund balance of \$638,279. The Town's Solid Waste Management Authority (SWMA) fund balance was reduced by the corresponding amount \$638,279. This prior period adjustment resulted from the receipt of reimbursement from the Federal Emergency Management Agency (FEMA) for debris removal related to Superstorm Sandy due to a subsequent adjustment by the State to the project worksheet. SWMA was overpaid for cleanup work related to Superstorm Sandy. When the overpayment was identified, FEMA through New York State suggested that the Town apply the payment that was in excess of actual SWMA expenditures to a FEMA highway fund project.
- The Town implemented GASB Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB Statement 67 and 68" (GASB 73). The requirements of this statement address accounting and reporting for employers and governmental non-employer contributing entities for pensions that are not within the scope of Statement 68 that are effective for financial statements for fiscal year beginning after June 15, 2016, and the requirements of this statement that address financial reporting for assets accumulated for purposes of providing those pensions are effective for fiscal years beginning after June 15, 2015. In anticipation of adopting the full provisions of GASB 73, the Town has reported its length of service award (LOSAP) assets and restricted fund balance and its deferred outflows of resources, liabilities and deferred inflows of resources for fire protection services in the fund and government-wide financial statements, respectively.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis is an introduction to the Town's basic financial statements. The Town's basic financial statements comprise the following components: (1) government-wide financial statements, (2) fund financial statements and (3) notes to basic financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS** (continued)

#### COMPONENTS OF THE ANNUAL FINANCIAL REPORT

#### Government-wide Financial Statements

The government-wide financial statements are designed to provide-readers with a broad overview of the Town's finances, in a manner similar to a private-sector business. The intent of the government-wide financial statements is to give the reader a long-term view of the Town's financial condition. These statements include both the governmental activities of the Town itself (known as the primary government) and of its legally separate nonmajor component units for which the Town is financially accountable. Financial information for these nonmajor component units is reported separately (discretely presented) from the financial information presented for the primary government.

The Statement of Net Position presents financial information on all of the Town's assets, liabilities and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in the Town's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the Town's property tax base and the condition of the Town's buildings, roads, drainage and other assets to assess the overall health of the Town.

The Statement of Activities presents information showing how the Town's net position changed during the most recent year. Revenues and expenses are reported by activity to give the reader an understanding of how each of the Town's activities is being supported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future periods. This method is known as the accrual basis of accounting and is different from the modified accrual basis of accounting used in the Town's fund financial statements.

#### **Governmental Activities**

The Town's basic services are reported here, including: general government support; highways; sidewalks; public safety; transportation; fire; lighting; parks; refuse and garbage; and community service departments. Property taxes, sales taxes, mortgage taxes, franchise fees, fines, and state and federal grants finance most of these activities. The Town also charges fees to users to help cover the cost of certain services.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS** (continued)

#### Governmental Activities (continued)

Program expenses for our report purposes are broadly categorized by function in the Statement of Activities. Below is a more comprehensive list of the primary governmental services included within these categories:

- o General governmental support captures all other expenses not included below
- o Education community college tuition payments
- **Public safety** animal shelter, building, code enforcement, emergency management services, fire protection, parking enforcement
- o Health registrar of vital statistics
- **Transportation** highway, lighting, public parking, sidewalk and snow removal
- Economic assistance and opportunity community services, programs for the aging and veterans
- o Culture and recreation parks, pools and special recreation facilities, facility security
- o Home and community services board of appeals, landfill, planning board, sanitation and water

#### Nonmajor Component Units

The nonmajor component units are legally separate organizations for which the Town is either financially accountable, or the nature and significance of their relationship with the Town is such that exclusion would cause the Town's financial statements to be misleading or incomplete. These entities are reported in a separate column in the government-wide statements. The Town includes twenty-one separate legal entities in its report (four refuse and garbage districts, three water pollution control districts, eight water districts, two park districts, one police district, one library district, one community development agency, and one business improvement district). They are legally separate entities that are not operating departments of the Town. All of the Town's component units are deemed to be nonmajor.

Information on separately issued financial statements is shown in Note 5 to the financial statements.

#### Fund Financial Statements

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with related liabilities, and residual equity or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The Town, like other governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds.

#### Governmental Funds

The Town's activities are reported in governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating the Town's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term effect of the Town's near-term financial decisions. Both the governmental funds balance sheet and governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS** (continued)

#### Fund Financial Statements (continued)

The Town maintains twelve (12) individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the major funds. The Town has five (5) major funds, however, for purposes of the presentation of the Town's financials and ease of comparison with earlier years, the part town and highway funds, which comprise the town outside village fund, are presented as separate funds. These funds have been combined by operation of State law. The general fund, solid waste management authority (SWMA), debt service funds, capital projects fund and town outside village (TOV) are reported as major funds. Data from the seven (7) other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the other supplementary information section of this report.

The Town adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison schedules for the general fund, highway fund, SWMA and part town fund can be found in the section labeled "Required Supplementary Information Other Than Management's Discussion and Analysis". Budgetary comparison schedules for the nonmajor governmental funds are presented in "Other Supplementary Information". The Town does not adopt budgets for either the capital projects fund or debt service fund.

The governmental funds financial statements can be found in the "Basic Financial Statements".

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. We exclude these activities from the Town's other financial statements because the Town cannot use these assets to finance its operations. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

The Fiduciary Fund financial statement can be found in the "Basic Financial Statements" section of this report.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found following the basic financial statements.

#### **Other Information**

In addition to the basic financial statements this report contains required and other supplementary information immediately following the notes to the financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The Town's net position, including all capital assets, all debt, and all known future payment obligations, is positive. Assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$170,553,309 at the close of 2017.

| Total net position               | \$<br>170,553,309 | \$ | 170,048,749           |

\*Amounts for 2016 were restated for comparative purposes to show the effect of applying Governmental Accounting Standards Board (GASB) Statement No. 73, "Accounting and Reporting for Pensions and Related Assets That are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68." See Note 6 of the audited financial statements for more detail.

By far the largest portion of the Town's net position, \$248,900,563, reflects its net investment in capital assets (e.g. land, buildings, machinery and equipment, intangibles - software and infrastructure); less any outstanding debt used to acquire these assets. The Town uses its capital assets to provide services to its citizens; consequently, the Town has no plans to sell the assets and it pays the associated principal and interest from its operating budget.

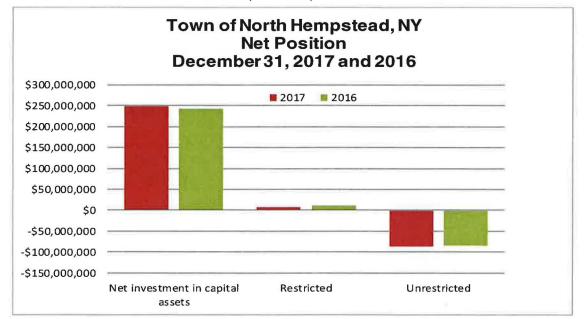

The Town's obligation to its current and future retirees for postemployment health care benefits (OPEB) has been calculated at \$82,759,306 for 2017. The OPEB liability continues to grow and increased in 2017 by \$7,934,547. Additional information on postemployment benefit healthcare costs can be found in Note 3.G to the financial statements.

The OPEB liability is the largest component of the Town's unrestricted net position, which has a deficit balance of \$85,812,029. The other components are primarily similar long-term liabilities, which include bonds payable, future payments due to the employees' retirement system, compensated absences, claims and judgments, landfill closure and postclosure care costs and net pension liability – proportionate share. OPEB and these other long-term obligations will be funded as they become payable in future periods. The Town implemented GASB 73 on the 2017 financials which breaks out the Length of Service Award Programs liability.

(As Restated)\*

\*The cumulative effect of applying Governmental Accounting Standards Board (GASB) Statement No. 73, "Accounting and Reporting for Pensions and Related Assets That are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68" is shown as an adjustment to the beginning net position in 2016. See Note 6 of the audited financial statements for more detail.

Net position, from all governmental activities, increased by \$504,560 from the restated prior year ending net position.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

Key element(s) of the governmental activities are as follows:

- o General revenues had a net decrease of \$4,322,371 over the prior year. The largest driver of this decrease is related to the change in treatment of the payment in lieu of taxes (PILOTs); Long Island Power Authority ("LIPA") parcels were transferred from being included in the property tax levy to PILOTs revenue to adhere to a state statue. In 2016, the Town collected additional property tax as a result of the levy not reducing in tandem with the removal of the LIPA properties. The property tax was placed into a reserve and applied to the 2017 budget. This caused a one-year dip in property tax collections as they were collected in the previous year. In addition, Nassau County local government assistance revenues (sales taxes) increased by \$311,744.
- Program revenues increased by \$122,165 from the prior year. Capital grants and contributions increases of \$593,296 were largely driven by additional road repair grants from New York State. Departmental revenue was relatively flat when compared to the previous year. Road opening permits and building permit issuance increased over the prior year by \$504,982 and \$584,453, respectively. These positive departmental revenue variances offset the decline of solid waste revenue \$693,744 and the decline in revenue at Clinton G. Martin Park while the pool was closed for renovation, \$249,367. The increases were offset by a decrease in federal and state revenues for Superstorm Sandy of \$438,069 partially due to the timing of related expenditures.
- Program expenses decreased by \$113,136 from the prior year. General government expenses increased by \$1,437,007 mainly due to an increase in the general liability for judgment and claims of \$1,493,481 due to an increase in the reserve in the current year related to certain open cases as well as certain payments and changes in the provision from the prior year. Education expenses increased by \$1,130,098 due to higher community college costs. Public safety decreased by \$869,516 as a result of moving Town security to the Parks Department as their responsibility was almost entirely at parks facilities. In line with the reduction in public safety, culture and recreation increased by \$938,703 with \$915,907 representing the move of Town security to the Parks Department. Home and community services decreased by \$2,812,015 due to lower expenses related to the liability for monitoring and maintenance for landfill closure and postclosure care costs which accounted for \$1,717,455 of the decrease as well as a reduction of the retainage payable. Economic assistance and opportunity decreased by \$151,716 largely driven by lower personnel services in community service administration of \$131,003. Interest on debt was higher by \$127,751 than in 2016.

The following chart illustrates the total expenses by program function for the Town's governmental funds.

#### Net Cost of Services Governmental Activities - Primary Government for the years ended December 31, **Total Cost of Services Program Revenue** Net Cost of Services 2017 2016 2017 2016 2017 2016 438,798 General government support 30,216,273 \$ 28,779,266 \$ 566,435 \$ \$ 29,649,838 \$ 28,340,468 Education 3,455,484 2,325,386 3,455,484 2,325,386 Public safety 14,259,877 15,129,393 5,101,695 4,521,962 9,158,182 10,607,431 Health 410,369 390,993 280,362 302,800 130,007 21,204,164 Transportation 23,540,680 23,473,504 2,767,581 2,269,340 20,773,099 Economic assistance and opportunity 3,647,150 3,798,866 256,428 455.297 3.390.722 3,343,569 28,423,638 10.239.086 18,184,552 Culture and recreation 29.362.341 9.849.717 19.512.624 Home and community services 26,859,210 29,671,225 16,323,069 16,795,839 10,536,141 12,875,386 Interest on debt 5,350,058 5,222,307 5,350,058 5,222,307 \$ 35,145,287 \$ 137,214,578 35,023,122 \$ 137,101,442 \$ \$ 101,956,155 \$ 102,191,456

88.193

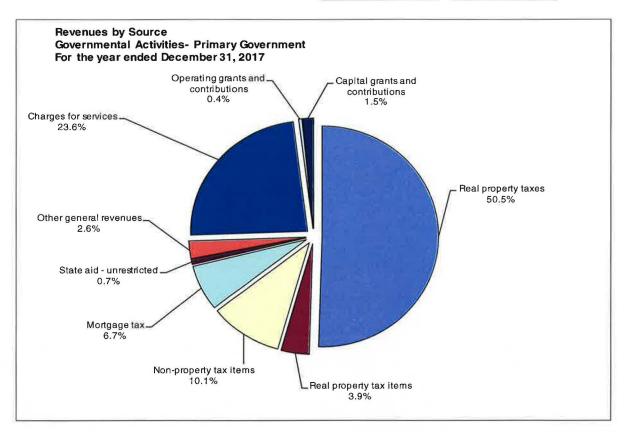

The total cost of all governmental activities this year was \$137,101,442. The net cost of these services was \$101,956,155. Program revenues of \$35,145,287 represented 25.6% of the governmental activity cost.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

The following chart illustrates the revenues by source for the Town's governmental activities. The Town's revenue decreased by \$4,200,206 over the prior year, primarily because of the decrease in real property taxes and mortgage tax revenue, \$4,270,256 and \$372,016, respectively. The property tax decline was driven by the 2016 collection of additional property tax related to the levy not being reduced in tandem with the removal of the LIPA properties. The property tax was placed into a reserve and applied to the 2017 budget which caused a one-year dip in property tax collections as they were collected in the previous year. These were partially offset by increases in sales tax of \$311,744 when compared to the previous year.

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The report on the Town's governmental funds provided information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, spendable fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the year. There are no restrictions that are expected to have a significant effect on the availability of fund resources for future use.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

#### Governmental Funds (continued)

At December 31, 2017, the Town's governmental funds reported total ending fund balance of \$80,930,702, as compared to the prior year restated balance of \$49,443,170, an increase of \$31,487,532. This change in total governmental fund balances was due principally to the long-term bonds acquired in 2017. Below is the breakdown of the governmental fund balance:

- Nonspendable fund balance \$2,116,428 (inherently nonspendable) includes the portion of net resources that cannot be spent because they must be maintained intact.
- Restricted fund balance \$45,356,032 (externally enforceable limitations on use) includes amounts subject to limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments.
- **Assigned fund balance** \$26,901,157 (limitation resulting from intended use) consists of amounts where the intended use is established by the highest level of decision making and the remaining positive fund balance amounts in funds other than the general fund.
- **Unassigned fund balance** \$6,557,085 (residual net resources) is the total fund balance in the general fund and capital projects fund in excess of nonspendable, restricted and assigned fund balance.

#### **General Fund**

The general fund is the chief operating fund of the Town. At the end of the current year, the total fund balance of the general fund was \$14,336,685, increasing \$18,375 from the prior year's fund balance. Of this amount, \$1,214,842 is nonspendable (inventory and prepaids). The remaining \$13,121,843 of the fund balance is spendable as follows: \$4,751,811 has been assigned by the Town Board, (\$744,019 for workers' compensation, \$1,072,834 for insurance, \$1,196,625 for senior housing related programs, \$1,538,333 for capital projects and \$200,000 for accrued employee benefits) and \$8,370,032 represents spendable, unassigned fund balance.

The major variances versus the adopted budget were as follows:

- Revenues were higher than budgeted by \$1,072,966. Mortgage tax actual revenues were higher than budget by \$1,484,447 due to the real estate related economic activity in the Town. Nassau County local government assistance revenues (sales tax) exceeded budget by \$119,683. These positive variances were partially offset by lower than budgeted golf course, franchise fee and Parks facility fee revenues of \$223,991, \$316,810, \$282,833, respectively. Federal and State aid revenues, exclusive of mortgage tax, were under by \$124,315.
- Expenditures were relatively flat to budget with a modest \$52,312 positive variance. Community college Nassau County reimbursements expense exceeded budget by \$1,255,484. The Parks department, net of the golf course, exceeded their budget by \$303,125. Health insurance was also in excess of budget by \$136,868. Golf course expenditures ended the year \$499,364 lower than budget which partially offset the lower revenue performance at the facility. Several departments had favorable spending variances including Comptroller, Records Management, Technology services, Department of Services for the Aging, and Environmental facilities of \$210,274, \$112,024, \$228,312, \$114,051, and \$103,946, respectively.

#### **Highway Fund**

At the end of 2017, the highway fund balance was \$7,695,696, an increase of \$61,337 from the prior year restated fund balance. The restatement to fund balance of \$638,279, is related to an overpayment to the Town's Solid Waste Management Authority (SWMA) which was redesignated as a FEMA payment for a Highway Superstorm Sandy related cost. The restatement was made due to a subsequent adjustment by FEMA through the State to the project worksheet. The portion of the fund balance that is considered nonspendable is \$524,024, for inventory and prepaid expenses (\$218,778 and \$305,246, respectively). The Town Board has assigned \$300,000 in a reserve for accrued employee benefits, \$1,150,000 for capital projects, and \$100,000 for insurance. The remaining fund balance is spendable and available for highway operating purposes.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

#### Highway Fund (continued)

The highway fund operations, not including the prior period adjustment, ended the year with a \$61,337 operating surplus. Strong revenue performance and expenditure management prevented the use of fund balance.

The main reasons for the operating surplus of \$61,337 are as follows:

- Revenues in the highway fund exceeded adopted budget by \$1,136,511. This increase was mainly due to higher than budgeted road restoration permits issuance and insurance recoveries of \$365,270 and \$380,751, respectively, when compared to the budget. The Town received an additional \$120,707 in state aid for road reconstruction which was unbudgeted. In addition, an unbudgeted sale of equipment yielded \$140,986 in additional revenue.
- Expenditures ended close to the original budget. Savings were found in employee medical insurance, and the state retirement system of \$108,390 and \$252,298, respectively.

#### Solid Waste Management Authority

At the end of 2017, the total fund balance of the Solid Waste Management Authority was \$1,574,839, decreasing by \$524,539 from the prior year restated fund balance. As discussed in the Highway Fund discussion, the restatement was partially the result of an adjustment due to an overpayment to SWMA from FEMA for cleanup related to Superstorm Sandy. When the overpayment was identified, FEMA through NYS suggested that the Town apply the funding to a FEMA highway fund project. The portion of the fund balance that is considered nonspendable is for inventory and prepaid expenses of \$44,388 and \$3,048, respectively. The remaining amount is spendable, with \$900,786 restricted for debt service and \$626,617 available for solid waste management purposes.

In addition to the prior period adjustment, an operating deficit of \$524,539 also caused the decrease in fund balance at the end of 2017. The major variances versus the adopted budget were as follows:

 A reduction in processed solid waste tonnage, drove a decline in solid waste processing revenues of \$1,005,938. Related solid waste processing expenditures also declined in relation to the adopted budget at the transfer station and scale house of \$548,776 and \$25,439, respectively.

#### Part Town

At the end of 2017, the part town fund had a total fund balance of \$6,687,467, an increase of \$536,207 or 8.7%. Non-spendable fund balance allocated to prepaid expenditures totaled \$250,684. The Town Board has assigned \$125,000 in a reserve for accrued employee benefits, \$200,000 for capital projects and \$100,000 for insurance. The remaining \$6,011,783 of the fund balance can be used for general part town purposes.

- Part town revenues came in \$262,444 over adopted budget primarily because of \$381,485 in higher than budgeted building permit revenue. The number of permits increased and the cost of permits was also increased in 2017. This was offset by lower than expected PILOTs revenue and state aid, which were \$79,134 and \$70,000 below budget, respectively.
- Favorable spending variances of \$569,669 added to the strong year end performance. This was primarily driven by savings found throughout the budget in personnel related costs, such as savings realized in employee medical insurance of \$92,033 and savings in costs associated with the state retirement system of \$77,130. Additional personnel vacancies in environmental facilities and the board of zoning appeals resulted in budget savings of \$91,942 and \$61,982, respectively. In addition, a reduction in social security tax saved approximately \$60,778.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)

#### Capital Projects Fund

At the end of 2017, the total fund balance of the capital projects fund was \$36,078,310. A total of \$37,891,257 is restricted for certain capital projects and the remaining \$1,812,947 is a deficit in unassigned.

The fund balance increased in the capital projects fund by \$30,669,236 during the current year. Primarily because of:

- Proceeds from the sale of bonds in the amount \$46,992,625.
- Capital outlay and equipment expenditures were \$19,266,865.
- Bond anticipation notes were redeemed from appropriations of \$1,040,500.
- State and Federal Aid revenues were \$1,080,735.

#### Nonmajor Governmental Funds

At the end of 2017, the total fund balance of the nonmajor governmental funds was \$11,939,499, increasing \$408,644 or 3.5%, from the prior year restated fund balance. Of this amount, \$79,442 is nonspendable for prepaid expenses. The fund balance includes \$6,563,989, which is restricted for the length of service award program. The remaining \$5,296,068 of fund balance is assigned for nonmajor governmental fund purposes in their respective funds.

The restatement to fund balance was the cumulative effect of the implementation of Government Accounting Standards Board (GASB) Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statement 67 and 68 (GASB 73).

The major variances versus the adopted budget were as follows:

- The lighting district had positive variance in payroll and payroll related expenditures of \$42,683.
- The park districts' employee medical benefits came in under budget by \$28,122.
- The sidewalk district had positive variance in personal services of \$151,881.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The differences between the 2017 original budget and the final amended budget as adopted by Town Board resolution throughout the year were approximately \$970,334. The adjustment related to the increase in college tuition costs in 2017. There are no variances that are expected to have a significant effect on future services or liquidity. Please see the "General Fund" section for more details on the comparison of final budgets and actual amounts. Over the course of the year the Town Board revises the budget as needed so that expenditures do not exceed appropriations.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

The Town's net capital assets for its governmental activities as of December 31, 2017 amounts to \$407,801,897. This investment in capital assets includes land, construction in progress, buildings, improvements, machinery and equipment, roads, curb and sidewalks, drainage, street lighting and intangibles.

| Capital Assets - Net of Depreciation as of December 31, | Governmer         | ital A | ctivities   |

#### TOWN OF NORTH HEMPSTEAD

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2017

#### CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

#### Capital Assets (continued)

Additional information on the Town of North Hempstead's capital assets is shown in Note 3.C to the financial statements.

The Town has a five-year capital plan. The five-year plan allows for continued improvements to infrastructure, buildings and equipment while issuing and managing Town debt. The capital plan is revised, updated, and readopted annually.

#### Debt

At the end of 2017, the primary government had increased total debt outstanding including serial bonds, revenue bonds, and bond anticipation notes (BANs) by \$23,230,596 from the prior year.

#### Short-Term Debt

As of December 31, 2017, the primary government had outstanding short-term bond anticipation notes of \$11,353,409 with maturity dates in 2018. This is a decrease of 7,498,672, or 39.8% from 2016 largely due to the conversion of BANS to long-term debt.

Outstanding Short-Term Debt as of December 31,

|                         | Governmen |            |    |            |  |  |

#### CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

**Debt** (continued)

In 2017, Moody's Investment Services upgraded the Town's credit rating to "Aaa" with a stable outlook. This is the highest available rating.

The New York State Constitution limits the power of the Town (and other municipalities and school districts of the State) to issue obligations and to otherwise contract for indebtedness. The Town may contract for indebtedness only for Town purposes.

The State Constitution and statutes limit the amount of general obligation debt a governmental entity may issue to 7% of a 5-year average full valuation. As of December 31, 2017, the Town had exhausted 8.26% of its constitutionally available debt limit, which is \$3,596,972,088.

Additional information on the Town's debt activity may be found in Note 3.D to the financial statements.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

#### Property Tax

The Town Board adopted a budget for 2018 that stayed within the 1.84% limit on property tax increases permitted by state law without a super-majority vote.

#### State Aid and Local Assistance

The Town receives financial assistance from New York State and Nassau County. The 2018 budget includes mortgage tax of \$8,000,000; State aid - per capita of \$1,023,565 and local government assistance (sales tax) of \$11,500,000. If the State should not adopt its budget in a timely manner, municipalities and school districts in the State, including the Town, may be affected by a delay in the payment of state aid. The State is not constitutionally obligated to maintain or continue state aid to the Town. After 2020, the legislation providing for County local government assistance expires.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances and to show the Town's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Town of North Hempstead, Office of the Comptroller, 220 Plandome Rd., Manhasset, NY 11030.

#### TOWN OF NORTH HEMPSTEAD RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES Year ended December 31, 2017

| Net Change in Fund Balance - Total Governmental Funds   | \$<br>31,487,532 |
|---|------------------|
| Amounts reported for governmental activities in the Statement of Activities are different because:  |                  |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The amount by which depreciation exceeds capital outlay in the current period is:  |                  |
| Capital outlay \$ 19,557,831<br>Depreciation expense (12,509,567)   |                  |
| Loss on disposal/write off of capital assets(339,370)   | 6,708,894        |
| Net change in deferred outflows of resources related to pensions  | (8,956,017)      |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:  | (0,000,017)      |
| Interest income on note receivable 75,000   |                  |
| Unavailable revenues, real property taxes180,224Premiums on debt issuance1,025,656  | 1,280,880        |
| The issuance of long-term debt and increase in obligations provides current financial resources to governmental funds, while the repayment of the principal of long term-debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position.   |                  |
| General obligation debt issued(46,992,625)Repayment of general obligation bond principal15,393,025Repayment of revenue bond principal870,332Due to employees' retirement system781,950Compensated absences(135,377)Claims and judgments(882,879)Estimated liability for landfill closure and postclosure care costs931,199Net pension liability - proportionate share7,425,944Length of service award program liabilities360,855Postemployment benefits healthcare costs(7,934,547)Retainage payable472,095Accrued interest payable(32,233) | (29,742,261)     |

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of North Hempstead (the "Town"), which was established in 1784, is governed by Town Law and other general laws of the State of New York and various local laws. The Town Board is the legislative body responsible for overall operations. The Town Board consists of the Supervisor, who is elected for a term of two years, and six council members who are elected for terms of four years. The Town Clerk and Receiver of Taxes are elected and serve for four years. The Town Board appoints the Town Attorney, Comptroller and Superintendent of Highways. The Supervisor appoints the Deputy Supervisor, as well as the Commissioners, Department heads and other members of her staff. The Supervisor serves as the Chief Executive Officer and Chief Fiscal Officer of the Town.

The Town provides a range of municipal services, including public safety, transportation, home and community services, public works and road maintenance, recreation and parks, and general and administrative services.

The basic financial statements of the Town of North Hempstead have been prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The most significant of the Town's accounting policies are described below:

# A. REPORTING ENTITY

The financial reporting entity consists of: (a) the primary government, which is the Town; (b) organizations for which the primary government is financially accountable; and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The decision to include a potential component unit in the Town's reporting entity is based on several criteria, including legal standing, dependency and financial accountability. Component units are classified as either blended component units or discretely presented component units. The current guidance also clarifies the status as a major or nonmajor component unit. Based on the application of these criteria, the following is a summary of certain entities considered in determining the Town's reporting entity.

<u>Blended Component Units</u> – though legally separate entities, these component units are, in substance, part of the Town's operations. The blended component unit serves or benefits the primary government almost exclusively. Financial information from these units is combined with that of the primary government. The Town's only blended component unit is:

The Solid Waste Management Authority (the "Authority") is a separate public benefit corporation created by state legislation to provide and account for solid waste management services facilities for the benefit of the Town's inhabitants. The Town Board presides as the Authority's Board. The Authority's management is designated by the Town Board. The Town Board is completely accountable for fiscal matters of the Authority. The Authority is a blended component unit of the Town and is reported as a special revenue fund in the major governmental funds statements.

<u>Discretely Presented Component Units</u> – are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the Town. They are financially accountable to the primary government, or have a relationship such that exclusion would cause the Town's financial statements to be misleading or incomplete. These discrete component units serve or benefit those outside of the primary government. See Note 1.B for a complete list of the discretely presented component units.

Based on the application of the above criteria the following entities are considered nonmajor discretely presented component units of the Town ("nonmajor component units") providing refuse and garbage, water pollution control, water, park, police, library, community development and business improvement services to residents and businesses within the districts.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# A. REPORTING ENTITY (continued)

The Town has four discretely presented garbage districts: Carle Place, Glenwood, Port Washington and Roslyn. They were established as political subdivisions of the Town. Garbage Districts are governed by Town Law and other general laws of the State of New York. The Board of Commissioners is the legislative body responsible for overall operations. The Board of Commissioners consists of three members, all of whom are elected by the residents of the districts for terms of three years. The primary functions of the districts are to provide garbage collection and disposal services to district residents. Special districts cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of these districts which are responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the special districts are collected by the Town Receiver of Taxes. These garbage and refuse districts are included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

The Town has three discretely presented water pollution control districts: Belgrave, Great Neck and Port Washington. They were established as political subdivisions of the Town. Water Pollution Control Districts are governed by Town Law and other general laws of the State of New York. The Board of Commissioners is the legislative body responsible for overall operations. The Board of Commissioners consists of three members, all of whom are elected by the residents of the districts for terms of three years. The primary functions of the districts are to provide water pollution control services to district residents. Special districts cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of these districts which are responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the special districts are collected by the Town Receiver of Taxes. These water pollution control districts are included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

The Town has eight discretely presented water districts: Albertson, Carle Place, Garden City Park, Glenwood, Manhasset-Lakeville, Port Washington, Roslyn and Westbury. They were established as political subdivisions of the Town. Water Districts are governed by Town Law and other general laws of the State of New York. The Board of Commissioners is the legislative body responsible for overall operations. The Board of Commissioners consists of three members, all of whom are elected by the residents of the districts for terms of three years. The primary functions of the districts are to provide water services to district residents. Special districts cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of these districts which are responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the special districts are collected by the Town Receiver of Taxes. These water districts are included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

The Town has two discretely presented park districts: Great Neck and Manhasset. They were established as political subdivisions of the Town. Park Districts are governed by Town Law and other general laws of the State of New York. The Board of Commissioners is the legislative body responsible for overall operations. The Board of Commissioners consists of three members, all of whom are elected by the residents of the districts for terms of three years. The Great Neck Park District offers numerous services including camps, adult and youth classes, ice skating rink, marina movies, pool hockey and tennis programs. The Manhasset Park District provides park and parking service to district residents. Special districts cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of these districts which are responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the special districts are collected by the Town Receiver of Taxes. These park districts are included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

NOTES TO FINANCIAL STATEMENTS

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# A. REPORTING ENTITY (continued)

The Port Washington Police District is organized under the provisions of the State of New York. The District is governed by the Nassau County Civil Divisions Act, as amended in March 1998, and the laws of the State of New York. The Port Washington Police Department provides a multitude of services to the community in a number of areas including traffic safety; adult, juvenile, and youth programs; investigative, crime prevention and general administration. Sworn personnel consist of the Chief of Police and the Captain of Administration, representing the Administrative Division. The Patrol and Investigative Division is staffed by the Captain of Operations and two Lieutenants, supervising thirteen patrol officers. The Port Washington Police District cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of the district which is responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the district are collected by the Town Receiver of Taxes. This police district is included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

The Shelter Rock Public Library was established in 1962 as a special district of the Town by an act of the New York State Legislature. The Library provides and maintains free library services to the Shelter Rock Public Library District in accordance with the New York State Department of Education. The Library is administered by a Board of Trustees that is elected by the Library District's residents. The Shelter Rock Public Library cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of the district which is responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the district are collected by the Town Receiver of Taxes. This library district is included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

The Town of North Hempstead Community Development Agency (the "Agency") is a separate public benefit corporation, created by state legislation, to promote the safety, health and welfare of the Town's inhabitants and to promote the sound growth and development of the Town. The Agency provides a full range of community development services, including construction of affordable housing, residential and commercial land acquisition, code enforcement services, and public facility improvements. The Agency's Board of Directors is the legislative body responsible for overall operations. The Executive Director serves as the chief executive officer. The Town Board appoints the Agency Board of Directors. The Agency's management is designated by the Town Board. Due to the nature and significance of the relationship between the primary government and the Agency, exclusion would cause the financial statements to be misleading.

The Greater Port Washington Business Improvement District Association, Inc. (the "BID") is a district management association established to carry out the activities of the business improvement district. The BID is a not-for-profit corporation under Section 501(c)(3) of the Internal Revenue Code, and was incorporated in 1996. The purpose of the BID is to spur business improvement and neighborhood stability in the area thereby business activity in its downtown area. The BID is a special assessment district of the Town and operates pursuant to Town Law, the Local Finance Law and other general laws of the State of New York. The BID cannot issue bonded debt without the approval and the backing of the full faith and credit of the Town. The Town issues indebtedness on behalf of the district which is responsible for the payment of annual debt service on the obligations. Budgets and tax rates are approved by the Town. Tax levies of the district are collected by the Town Receiver of Taxes. This BID is included in the Town's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets.

Condensed financial statements along with the addresses of the administrative office, for these component units are presented in Note 5.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# B. GOVERNMENT-WIDE AND FUND FINANCIALS STATEMENTS

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major and aggregate nonmajor funds).

# **Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Town as a whole, with separate columns for the primary government's governmental activities and the discretely presented component units. For the most part, the effect of interfund activity has been eliminated from the government-wide financial statements, except for interfund services provided and used.

The government-wide statement of activities demonstrates the degree to which direct expenses of a given function are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; (2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function; and (3) interest earned on grants or capital projects that is required to be used to support a particular program or project. Taxes and other items not properly included among program revenues are reported as general revenues. The Town does not allocate indirect expenses to specific functions in the statement of activities.

# Fund Financial Statements

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues, and expenditures, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The various funds are presented by type in the fund financial statements. Certain funds of the Town are utilized to account for resources derived from and/or expenditures applicable to an area less than the entire town. The focus of the governmental funds financial statements is on the major funds. Accordingly, the Town maintains the following fund types:

**Governmental Funds** – Governmental funds are those through which most governmental functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus of the governmental funds is upon determination of financial position and changes in financial position. Governmental funds are further classified as major and nonmajor funds.

The Town reports the following major governmental funds:

General Fund – is the principal operating fund of the Town. This fund is used to account for all financial resources not accounted for and reported in another fund.

Special Revenue Funds – are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Highway Fund – is used to account for revenues and expenditures for highway purposes. The major areas of expenditures are repairs and improvements, machinery, and snow removal. The major source of revenue is real property taxes.

Solid Waste Management Authority – is a public benefit corporation created in 1984, used to account for solid waste management services for the benefit of the Town. The major source of revenue is solid waste disposal fees.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# B. GOVERNMENT-WIDE AND FUND FINANCIALS STATEMENTS (continued)

Fund Financial Statements (continued)

Town Outside Village (Part Town) Fund – is used for revenues and expenditures for certain services provided to the areas of the Town located outside of Incorporated Villages. The major source of revenue is real property taxes and building permits. The Town reports the Town Outside Village (Part Town) Fund as a major fund, rather than a nonmajor fund, to enhance consistency and because management believes it is important to the financial statement users.

Debt Service Fund – is used to account for and report financial resources that are restricted, committed, or assigned for expenditure of principal and interest and for financial resources that are being accumulated for principal and interest in future years.

Capital Projects Fund – is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Additionally, the Town accounts for and reports the following nonmajor governmental funds:

Special District Funds – are used to account for taxes or other revenues, which are raised or received to provide special services to areas that encompass less than the whole Town. The Special District Funds consist of a number of separate districts, which are administered by the Town Board as follows:

Fire Protection Districts as follows: Albertson Carle Place Floral Park Centre Glenwood

Great Neck Port Washington Roslyn

Town of North Hempstead Lighting District

Park Districts as follows: Harbor Hills Levitt Park at Roslyn Heights Manhasset Bay New Hyde Park – Clinton G. Martin

Town of North Hempstead Sidewalk District

Refuse and Garbage Districts as follows: Albertson – Searingtown – Herricks Great Neck New Hyde Park – Garden City Park – Floral Park Centre

Port Washington Public Parking District

Great Neck Water District

Fiduciary Funds - are used to account for assets held by the Town in a trustee or custodial capacity.

The Town's fiduciary funds ("Agency Fund") are presented in the statement of fiduciary assets and liabilities. Since, by definition, these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# B. GOVERNMENT-WIDE AND FUND FINANCIALS STATEMENTS (continued)

#### Fund Financial Statements (continued)

The Town has presented the following fiduciary funds:

Town Agency Fund – account for consolidated payroll, amounts due to component units and other agency liabilities.

Town Clerk Agency Fund – account for permit and license fees collected on behalf of other governments.

Town Receiver of Taxes Agency Fund – account for amounts due to other governments for general and school taxes collected.

# **Discretely Presented Nonmajor Component Units**

Certain special districts that have separately elected or appointed boards and provide services to residents and businesses within these districts follow government fund accounting principles. These districts, which are accounted for as discretely presented nonmajor component units, are as follows:

| Garbage Districts                               | Water Districts  |
|---|--|
| Carle Place                                     | Albertson  |
| Glenwood  | Carle Place  |
| Port Washington                                 | Garden City Park   |
| Roslyn  | Glenwood   |
|   | Manhasset – Lakeville                                    |

|   |  |

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Measurement focus refers to what is being measured, whereas the basis of accounting refers to when revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue once the grant has been awarded and all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

An exception to this policy is that emergency disaster assistance grants awarded by the Federal Emergency Management Agency are recognized in the year the Town receives the notification of project worksheet award ("Blue Book"). However, if the Town has received the Blue Book and has received the grant proceeds within sixty days of year-end, the revenue will be recognized in the year the expenditures are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town generally considers revenues to be available if they are collected within 60 days of the end of the current year. However, certain revenues may be considered available if received within one year after the end of the current year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, landfill closure and postclosure care costs, pollution remediation obligations, postemployment benefits healthcare costs, length of service award program ("LOSAP") pensions, and net pension liability – proportionate share are recorded when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as other financing sources.

Revenues susceptible to accrual include Nassau County local assistance (sales tax), mortgage tax, franchise fees, charges for services, intergovernmental revenues and operating transfers. Permits, fees and other similar revenues are not susceptible to accrual because generally they are not measurable until they are received in cash. In those instances where expenditures are the prime factor in determining eligibility for state and federal grants, revenues are recognized when the expenditure is incurred or in the case of emergency disaster grants when the Blue Book is awarded. In the capital projects fund, long-term debt is recognized as revenue upon receipt of the proceeds.

Because governmental fund statements are presented using a measurement focus and basis of accounting different from that used in the government-wide statements' governmental column, reconciliation is presented that briefly explains the adjustments necessary to reconcile ending net position and the change in net position.

The agency fund uses the accrual basis of accounting.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE

# 1. CASH AND INVESTMENTS

Cash consists of funds deposited in demand accounts, both interest bearing and non-interest bearing, petty cash, and when utilized, certificates of deposit with maturities of three months or less.

State statutes govern the Town's investment policy. The Town has a written investment policy stating that Town money must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the State. The Town is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury. It is the Town's policy to require collateral held in the name of the Town for demand deposits, money market deposits and certificates of deposit, if any, for all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

Restricted cash and investments represent amounts held for payment of future debt service.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

# 2. RECEIVABLES AND ALLOWANCE FOR DOUBTFUL ACCOUNTS

Receivables include amounts due from federal, state, and other governments or entities for services provided by the Town. Receivables and revenues are recognized as earned or as specific program expenditures are incurred and eligibility requirements are met.

The Town in its normal course of business is subject to the risk that it may be unable to collect all outstanding accounts receivable arising from costs associated with dumping at the landfill. Therefore, the Town has established an allowance account totaling \$118,873.

#### 3. INTERFUND TRANSACTIONS

Interfund transactions, exclusive of interfund services provided and used, have been eliminated from the government-wide financial statements. In the funds statements interfund transactions include:

#### a) Interfund Revenues

Interfund revenues in the general fund, highway fund and other nonmajor governmental funds represent amounts charged for services or facilities provided by these funds based on a two year lookback of actual expenditures. The amounts paid by the fund receiving the benefit of the service or facilities are reflected as an expenditure of that fund.

# b) **Operating Transfers**

Operating transfers represent payments to the general fund, highway fund, Solid Waste Management Authority, debt service and capital projects funds from the other funds for their appropriate share of the debt service or capital project costs and recognition of premiums, accrued interest and interest earnings to service debt.

# 4. DUE FROM/TO OTHER FUNDS

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at the year-end are reported as due from/due to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements.

# 5. INVENTORY AND PREPAID ITEMS

Inventory in the general and special revenue funds is valued at cost, using the weighted average cost method. Inventory in these funds is accounted for under the consumption method.

Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaid items in both the government-wide and fund financial statements. Prepaid items are accounted for under the consumption method.

In governmental funds, amounts reported as inventories and prepaid items are equally offset by nonspendable fund balance amounts, indicating that they do not constitute "available spendable resources" even though they are a component of current assets.

# 6. NOTES RECEIVABLE

The Town holds a note receivable in the amount of \$1,500,000 from a limited liability company and a housing development fund company for premises of an affordable housing development conveyed to the partnership by the Town in 1992. The original note was set to mature in 2023 with all principal and interest accrued at 4% per annum (simple interest), due on the maturity date. In 2015, the note and mortgage agreement were modified to extend the maturity date to January 1, 2045 with an interest rate of 4.5% per annum for the remainder of the note term. All principal and accrued interest are payable on the extended maturity date. The Town's note and mortgage are subordinated to a construction and permanent loan financing for the housing development located at the property. The value of the note and all accrued interest at December 31, 2017 of \$3,015,000 has been reported as a note receivable in the government-wide financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### 7. CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$2,500 or more are reported at historical cost. Infrastructure assets are reported at historical cost as of 1980. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation/amortization on all assets is calculated on the straight-line basis over the following estimated useful lives:

| Buildings                         | 45 years    |
|-----------------------------------|-------------|
| Improvements other than buildings | 7-20 years  |
| Machinery and equipment           | 5-30 years  |
| Infrastructure:                   |             |
| Roads, curbs and sidewalks        | 20-25 years |
| Drainage systems                  | 20-25 years |
| Street lighting                   | 20 years    |
| Parks                             | 12-45 years |
| Intangible assets                 | 5-10 years  |

Infrastructure assets, consisting of certain improvements other than buildings, including roads, curbs, sidewalks, drainage systems, street lighting and park structures, are capitalized along with other capital assets.

Intangible assets lack physical substance, are nonfinancial in nature, and have an estimated useful life extending beyond a single reporting period. The term depreciation, as used in these footnotes, includes amortization of intangible assets.

In the fund financial statements, capital assets are recorded as capital outlay expenditures in the appropriate governmental fund upon acquisition.

#### 8. UNEARNED REVENUE

Unearned revenues represent gift cards and catering event deposits which will be applied to future services provided, as well as grant revenue received in advance of eligible expenditures.

# 9. LENGTH OF SERVICE AWARD PROGRAM (LOSAP) ASSETS

The Town sponsors length of service award programs ("LOSAP") to provide retirement-like benefits for those volunteering time and services pertaining to fire protection services, in accordance with the plan documents. The Town is the sole sponsor of two LOSAP plans and is a joint sponsor for four LOSAP plans. The assets are held in trust accounts in the name of the award programs. See Note 3.A for more information on the program's investments and Note 3.F for more information on the programs.

# 10. DEFERRED INFLOWS/OUTFLOWS OF RESOURCES

In addition to assets, the balance sheet or statement of net position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until that time. Deferred outflows of resources mainly consist of pension related amounts. The amounts related to pensions (employee retirement system and LOSAP) consists of differences between expected and actual experience, changes of assumptions, net differences between projected and actual earnings on pension plan investments, changes in proportion and differences between the Town's contributions and proportionate share of contributions and Town's contribution subsequent to the measurement date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### 10. DEFERRED INFLOWS/OUTFLOWS OF RESOURCES (continued)

In addition to liabilities, the balance sheet or statement of net position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represents an acquisition of net position/fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The unavailable revenue related to real property taxes is deferred in the governmental funds and will be recognized as an inflow of resources in the period that the amounts become available. In the government-wide statements, deferred inflows of resources consist of pension related amounts for both the employee retirement system and LOSAP. The amounts related to pensions consist of differences between the pension plan's expected and actual experience, changes in assumptions and the changes in proportion and differences between the Town's contributions and proportionate share of contributions.

#### 11. LONG-TERM OBLIGATIONS

In the government-wide financial statements, liabilities for long-term obligations consisting of general obligation bonds, revenue bonds, pension liabilities for the employees' retirement system and LOSAP plans, compensated absences, claims and judgments, estimated liability for landfill closure and postclosure care costs, postemployment benefits healthcare costs and net pension liability – proportionate share are recognized in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis and are presented as part of the general obligation bonds payable in the non-current liabilities. Bonds payable are reported net of applicable bond premium or discount. Debt issuance costs are recognized as an outflow of resources in the period incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period in the fund servicing the debt. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from actual debt proceeds received, are reported as debt service expenditures.

## **12. NET POSITION AND FUND EQUITY CLASSIFICATIONS**

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources.

In the government-wide financial statements, net position is reported in three categories:

- a) Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Retainage payable and capital accounts payable are capital related debt and are used in the calculation of net investment in capital assets.
- B) Restricted Consists of net position with constraints placed on the use either by: (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c) Unrestricted All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

In the fund financials statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources; they are: (1) nonspendable, (2) restricted, (3) committed, (4) assigned, or (5) unassigned. Not all of the Town's funds will necessarily have all the fund classifications noted above.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

# 12. NET POSITION AND FUND EQUITY CLASSIFICATIONS (continued)

 Nonspendable fund balance includes amounts that cannot be spent because they are either: (a) not in spendable form (i.e., prepaid items or inventories), or (b) will not convert to cash within the current period (i.e., long-term receivables and financial assets held for resale), or (c) legally or contractually required to be maintained intact (i.e., the principal of a permanent fund).

The spendable portion of fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

- Restricted fund balance reflects the constraints imposed on resources either: (a) externally by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- 3) Committed fund balance reflects amounts that can only be used for specific purposes by a government using its highest and most binding level of decision making authority. The Town's highest decision making authority is the Town Board, who by adoption of a Town ordinance prior to year-end, can commit fund balance. Those committed amounts cannot be used for any other purpose unless the Town Board removes or changes the specified use by taking the same type of action imposing the commitment.
- 4) Assigned fund balance reflects the amounts constrained by the Town's "intent" to be used for specific purposes, but are neither restricted nor committed. The Town Board and Town Comptroller, through resolution granted by the Town Board, have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the general fund, that are not classified as nonspendable and are neither restricted nor committed.
- 5) Unassigned fund balance is the residual classification for the general fund. It is also used to report negative fund balances in other governmental funds.

#### **13. NET POSITION AND FUND BALANCE FLOW ASSUMPTIONS**

When outlays for a particular purpose can be funded from both restricted and unrestricted net position resources, it is the Town's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

When both restricted and unrestricted fund balance resources are available for use, it is the Town's policy to use restricted fund balance resources first, and then unrestricted fund balance resources – committed, assigned and unassigned – in order as needed.

# 14. FUND BALANCE POLICIES

The Town has adopted a fund balance policy that states the Town must maintain a minimum unrestricted (the total of committed, assigned and unassigned) fund balance equal to ten percent of the general fund operating budget and five percent of the remaining funds operating budgets. Unrestricted fund balance below the minimum should be replenished within three years.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# E. REVENUES AND EXPENDITURES

# 1. REAL PROPERTY TAX ASSESSMENT AND COLLECTION PROCEDURES

In Nassau County, the assessment and lien of real property for taxation is done by the County Department of Assessment, except for villages and cities. The County assessment rolls are used for the levy of real property taxes by the Town and the School Districts, as well as by the County and by Special Districts of the County and the Town. The Town of North Hempstead Receiver of Taxes collects all real property taxes for the Town, Nassau County, Town Special Districts and School Districts. Real property taxes become a lien on January 1<sup>st</sup> for general taxes and October 1<sup>st</sup> for school taxes.

Town and County taxes are levied on January 1, and are due in two installments, 50% on January 1 and 50% on July 1, payable without penalty to February 10 and August 10, respectively. Penalties are imposed thereafter at the rate of 1% per month, from January 1 and July 1 until August 31, after which taxes are payable to the County Treasurer. The Town retains the total amount of the Town, Highway, Part Town and Town Special Districts' levies from the amounts collected, and forwards the remaining balance collected to the County, which assumes collection responsibility. The Town and Town's Special Districts therefore realize annually 100% collection of real property taxes.

School District property taxes are levied on October 1, and are also payable in two installments; however, a separate tax bill is sent out for school tax purposes. School property taxes are due in two installments, 50% on October 1 and 50% on April 1, payable without penalty to November 10 and May 10, respectively. The County is also responsible for uncollected school taxes.

# 2. POSTEMPLOYMENT BENEFITS HEALTHCARE COSTS

In addition to providing pension benefits, the Town provides health insurance coverage and survivor benefits for retired employees and their survivors. Town employees become eligible for these benefits when an employee completes five or ten years of service, depending upon position, with the Town and can retire. Any employee who has five years of service with the Town, has reached the age of 70, and can retire is eligible for individual benefits. The Town also provides full dental and vision benefits to exempt employees when they retire.

Health care benefits are currently provided by the New York State Health Insurance Program (NYSHIP) (Empire Plan) whose premiums are based on the benefits paid throughout the State during the year. In addition, the Town offers retirees Health Insurance Plan of New York (HIP) Prime HMO and Island 65 for those retirees over 65.

The Town recognizes the cost of providing benefits by recording its share of insurance premiums as an expenditure in the governmental funds in the year paid. The liability for postemployment benefits healthcare costs is recorded as a non-current liability in the government-wide statements. The current year increase in the liability is based on the most recent actuarial valuation.

# 3. COMPENSATED ABSENCES

The liability for vested or accumulated vacation or sick leave (compensated absences) is recorded as current and non-current obligations in the government-wide statements. The current portion of this debt is estimated based on historical trends. Compensated absence liabilities and expenditures are reported in the governmental funds only if they have matured, for example, as a result of employee resignations, terminations or retirements. The amount that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a liability in the funds statement in the respective fund that will pay it.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# E. REVENUES AND EXPENDITURES (continued)

# 4. NET PENSION LIABILITY - PROPORTIONATE SHARE

For purposes of measuring the net pension liability – proportionate share, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New York State and Local Retirement System (the "System") have been determined on the same basis as they are reported by the System. For this purpose, the System recognizes benefit payments when due and payable in accordance with the benefit terms; and reports investments at fair value.

# 5. LENGTH OF SERVICE AWARD PROGRAM (LOSAP) LIABILITIES

The Town, along with the respective Fire Companies and other municipalities, as required, sponsor six volunteer firefighters length of service award programs ("LOSAP"), all of which are defined benefit service award programs, for its volunteer firefighters of the respective fire companies. Of the six individual plans, two are single-employer plans and the Town reports the total LOSAP liability. The four remaining plans have multiple sponsors all of whom are legally responsible for annual contributions to the plan and as such is considered a special funding situation, and accordingly, the Town reports its proportionate share of the total LOSAP service award liability. The programs are administered through a trust. Payments under the programs are made from the general assets of the sponsors which are subject to the claims of the Town's creditors.

The trust does not meet the criteria of GASB Statement No. 73, paragraph 4 because the assets are not protected from the Town's creditors. Accordingly, the Town reports its proportionate share of the total LOSAP service award liabilities which have been measured at the actuarial present value of projected benefit payments without offset from the trust assets.

# F. ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded for budgetary control purposes, is employed in the governmental funds. Encumbrances are reported as restrictions, commitments, or assignments of fund balances since they do not constitute expenditures or liabilities. Expenditures for such commitments are recorded in the period in which the liability is incurred. There were no encumbrances outstanding at December 31, 2017.

# G. USE OF ESTIMATES

The preparation of general purpose financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources and disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

# H. NEW ACCOUNTING PRINCIPLES

The Town has adopted all of the current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. During the year ended December 31, 2017, the Town adopted:

Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB 68 - and amendments to Certain Provisions of GASB 67 and 68," the objective of which is to clarify the existing guidance, as well as, establish new requirements for pensions not covered by Statement No. 67 and No. 68. The implementation of this Statement resulted in the recognition of assets, liabilities, deferred outflows of resources and deferred inflows of resources related to the LOSAP defined benefit plan, restatement of opening fund balance/net position and additional disclosure requirements. See Note 6 for additional information.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# H. NEW ACCOUNTING PRINCIPLES (continued)

Statement No. 80, "Blending Requirements for Certain Component Units - an Amendment of Statement No. 14," the objective of which is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. The implementation of this Statement had no impact on the Town's financial statements.

Statement No. 81, *"Irrevocable Split-Interest Agreements,"* provides guidance over financing reporting for irrevocable split-interest agreements where the government is a beneficiary of the agreement. The implementation of this Statement had no impact on the Town's financial statements.

Statement No. 82, "Pension Issues - an Amendment of GASB Statements No. 67, 68 and 73," the objective of which is to address issues regarding (a) the presentation of payroll-related measures in required supplementary information, (b) the selections of assumptions and the treatment of deviations from the guidance in the Actuarial Standard of Practice for financial reporting purposes, and (c) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The implementation of this Statement had no significant impact on the Town's financial statements.

# I. SUBSEQUENT EVENTS

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date of the auditors' report, which is the date the financial statements were available to be issued.

# 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

# A. BUDGETARY INFORMATION

The Town follows the procedures enumerated below in establishing the budgetary data reflected in the financial statements:

- a) On or before September 20th, each department, officer or district submits to the Comptroller and the Budget Director a detailed estimate of the budget known as "departmental estimates" for the amount of revenue to be received and expenditures to be made for the ensuing year.
- b) On or before September 30th, the Budget Director files with the Town Clerk and the Comptroller and presents to the Town Board a tentative budget for the ensuing year.
- c) On or before October 5th, the Town Board receives the tentative budget from the Town Clerk. After review, it adopts the tentative budget as preliminary and sets a date for a budget hearing.
- d) The Town Board conducts a public hearing on the preliminary budget and on or before November 20th, the Town Board meets to adopt the budget then known as the "adopted budget".
- e) Formal budgetary integration is employed during the year as a management control device for the general and certain special revenue funds. The Town Board adopts the budget and establishes legal level of control of the budget at the object level of expenditures. The object level identifies expenditures by the article purchased or service obtained in order to carry out a function. Appropriations are adopted at the object level. All budgetary amendments and transfers of appropriation require Town Board approval. Appropriations for all governmental funds except the capital projects fund lapse at year end.

In order to show the full legal budgetary compliance for the general and certain special revenue funds, detailed individual statements of revenues, expenditures and changes in fund balances – budget and actual, are presented in a separate budget report.

#### TOWN OF NORTH HEMPSTEAD NOTES TO FINANCIAL STATEMENTS December 31, 2017

# 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (continued)

#### A. BUDGETARY INFORMATION (continued)

- f) Budgets for the general and certain special revenue service funds, including the highway fund, the Solid Waste Management Authority, the part town fund, the fire protection districts, the lighting district, the park districts, the sidewalk district, the refuse and garbage districts, the public parking district and the water district are legally adopted for each year. The budgets are adopted on a basis of accounting consistent with GAAP except that outstanding encumbrances are re-appropriated in the subsequent year. In the event that actual revenues received exceed budgeted amounts, additional budgetary appropriations may be made.
- g) Annual budgets are not prepared for the capital projects fund and the debt service fund. Capital projects funds are budgeted on a project basis.

In June 2011, New York State enacted Chapter 97, Laws of 2011 Real Property Tax Levy Cap and Mandate Relief Provisions, which included a property tax cap for municipalities that affects the Town and its municipal component units. However, local governments can exceed the tax levy limit by a 60% vote of the governing body and annually adopting a local law. The Town Board did not vote to override the tax levy cap imposed by the State for the 2017 Adopted Budget. On November 1, 2016, the members of the Town Board adopted the 2017 Budget.

# B. FUND EQUITY

#### 1. FUND BALANCE

The following table provides the detail regarding fund balance categories and classifications for the governmental funds which show components of nonspendable fund balances, as well as the purposes for restricted and assigned fund balance. The unassigned fund balance is also shown.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

# 3. DETAILED NOTES ON ALL FUNDS

# A. CASH, INVESTMENTS AND FAIR VALUE MEASUREMENT

Annually, the Town Board designates the bank depositories and approves an investment policy. The investment policy limits the amount of deposits at any time in any one bank or trust company. The following risk assessments apply to cash and investment of the Town.

<u>Custodial Credit Risk – Deposits/Investments</u> – Custodial credit risk for deposits exists when, in the event of the failure of a depository financial institution, a government may be unable to recover deposits, or recover collateral securities that are in possession of an outside agency. Custodial credit risk for investments exists when, in the event of the failure of the counterparty, a government will be unable to recover the value of its investments or collateral securities that are in possession of an outside party. The Town's investment policy defines permissible investments, limits the amount of deposits at any time any one bank or trust company, requires that bank balances in excess of the Federal Deposit Insurance Corporation insurance limits of \$250,000 are protected with custodial agreements which requires that balances are fully collateralized in accordance with New York State General Municipal Law (GML) and limits the form of acceptable collateralization.

Financial institutions can satisfy collateral requirements by furnishing an eligible letter of credit, an eligible surety bond, by pledging eligible securities as specified in Section 10 of GML, or participating in a deposit placement program pursuant to section 9-r of the banking law. Irrevocable letters of credit issued as collateral in certain situations may require a threshold of up to 140% of aggregate deposits. Eligible securities that may be pledged as collateral include, but is not limited to, obligations of the United States or its agencies, obligations of New York State and obligation of municipalities of New York State.

The use of available daily balances to determine collateral requirements may result in the available balance being under-collateralized at various times during the year.

Deposits are required to be disclosed as exposed to custodial credit risk if they are not covered by depository insurance, and the deposits are either:

- Uncollateralized
- Collateralized with securities held by the pledging financial institution, or
- Collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Town's name.

At December 31, 2017, the Town's deposits were \$218,074,144. This amount is inclusive of fiduciary fund deposits of \$133,149,925 exclusive of petty cash of \$8,130. The bank balance required to be insured and/or collateralized was \$149,185,245. Of the bank balance, \$3,137,627 was covered by the Federal Deposit Insurance Corporation (FDIC), \$52,523,134 was covered by collateral held by the Town's agent, a third-party financial institution, in the Town's name, \$10,232,271 was covered by collateral held by the bank and \$83,292,213 was covered by irrevocable letters of credit from a federal home loan bank. At December 31, 2017, the Town's deposits included \$900,786 in U.S. treasury bills.

<u>Credit Risk</u> – The Town's written investment guidelines and policies are designed to protect principal by limiting risk. State law and Town law limit investments to those authorized by State statutes.

<u>Interest-Rate Risk</u> – Interest-rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates substantially increase, thereby affording potential purchasers more favorable rates on essentially equivalent securities. Accordingly, such investments would have to be held to maturity to avoid a potential loss.

<u>Concentration of Credit Risk</u> – Credit risk can arise as a result of failure to adequately diversify investments. Concentration risk disclosure is required for positions of 5 percent or more in securities of a single issuer.

As of December 31, 2017, the Town did not have any investments subject to credit risk, interest-rate risk or concentration of credit risk.

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

# A. CASH, INVESTMENTS AND FAIR VALUE MEASUREMENT (continued)

#### Restricted Length of Service Award Program Investments

The Town contributes monies as both a sole sponsor and as a non-employer contributing entity through a joint sponsorship. The funds are set-a-side for LOSAP retirement-like benefits and are managed by an administrator, designated by the Town Board and if applicable the joint sponsoring board. The administrator maintains the investments which are invested by various custodians. The investments consist of money market funds, corporate and foreign bonds, common equity securities, equity mutual funds and fixed income mutual funds. Investments are stated at market value.

In accordance with FASB guidance, the LOSAP assets utilizes ASC 820 "Fair Value Measurement and Disclosure" to define fair value, establish a framework for measuring fair value, and expand disclosure requirements regarding fair value measurements. ASC 820 does not require new fair value measurements, but is applied to the extent that other accounting pronouncements require or permit fair value measurements. This standard emphasizes that fair value is a market-based measurement that should be determined based on the assumptions that market participants would use in pricing an asset or liability. Various inputs are used in determining the value of LOSAP portfolio investments defined pursuant to this standard.

Securities are valued at the most recent market bid price as obtained from one or more market makers for such securities. There have been no significant changes in valuation techniques used in valuing any such positions held by LOSAP since the beginning of their fiscal year. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The Town's investment in the various LOSAP's totals \$6,563,989 at December 31, 2017 and are reported in the fire protection districts fund. The assets are subject to custodial risk in the event of the failure of the custodian holding the investments.

#### Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the LOSAP's assets at fair value as of December 31, 2017:

|   | -  | Level 1                           | _  | Total                             |
|---|----|-----------------------------------|----|-----------------------------------|
| Cash and short-term investments<br>Mutual funds<br>Total assets in the fair value hierarchy | \$ | 272,356<br>5,730,555<br>6,002,911 | \$ | 272,356<br>5,730,555<br>6,002,911 |
| Investments measured at contract value  |    |                                   |    | 538,272                           |
| Other assets not in fair value hierarchy  |    |                                   |    | 22,806                            |
| Total length of service award<br>award plan assets  | \$ | 6,002,911                         | \$ | 6,563,989                         |

There were no Level 2 or Level 3 assets held by the LOSAP at December 31, 2017.

# **B. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

At December 31, 2017, individual fund interfund receivable and payable balances for the primary government are expected to be paid currently. These balances represent various temporary loans, recharges and reimbursements between funds and are stated as follows:

|   | F  | Amount<br>Receivable                             |          | Amount<br>Payable                             |
|---|----|--|----------|---|
| Primary Government  |    |  |          |   |
| <u>Major Funds:</u><br>General Fund<br>Highway Fund<br>Solid Waste Management Authority<br>Part Town Fund<br>Debt Service Fund<br>Capital Projects Fund | \$ | 1,218,347<br>965,857<br>297,602<br>11<br>389,479 | \$       | 413,536<br>25,388<br>915,555<br>50<br>702,645 |
| <u>Nonmajor Funds:</u><br>Fire Protection Districts<br>Sidewalk District<br>Refuse and Garbage Districts  |    | 2.971.006  |          | 19,257<br>10,949<br>783,916                   |
|   | \$ | 2,871,296  | <u> </u> | 2,871,296                                     |

At December 31, 2017, individual fund interfund transfers balances for the primary government mainly represent receipt and payment of debt service and capital project expenditures, and are stated as follows:

|   | Transfers In   | Transfers Out  |
|---|--|--|
| Primary Government  |  |  |
| <u>Major Funds:</u><br>General Fund<br>Highway Fund<br>Solid Waste Management Authority<br>Debt Service Fund<br>Capital Projects Fund         | \$270,740<br>683,116<br>900,825<br>21,596,882<br>1,587,641 | \$ 17,404,470<br>5,253,272<br>900,825<br>327,667<br>15,700 |

The Town has expended funds to construct a sanitary sewer and pump station and install a sanitary force main at the Harbor Links Golf Course. Under contractual obligation, this project will be turned over to the Port Washington Water Pollution Control District, a component unit of the Town. As of December 31, 2017, the project was completed but title has not yet passed to the Port Washington Water Pollution Control District.

The Town depreciated all capital assets acquired or put in service during 2017 with an effective date of July 1, 2017, or on a six month depreciable basis.

The Town of North Hempstead evaluates prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. The Town's policy is to record an impairment loss in the period when the Town determines that the carrying amount of the asset will not be recoverable. At December 31, 2017, the Town has not recorded any such impairment losses.

Depreciation expense was charged to governmental functions as follows:

| General government support                         | \$ | 552,730    |
|--|----|------------|
| Public safety                                      | 03 | 180,526    |

\*The beginning balance of the length of service award program liabilities was restated as of January 1, 2017 in accordance with GASB Statement No. 73. See Note 6.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

# D. INDEBTEDNESS (continued)

# CHANGES IN LONG-TERM LIABILITIES (continued)

Liabilities for claims and judgments and landfill closure and postclosure care costs are liquidated through future appropriations in the general fund. Long-term liabilities for due to employees' retirement system, compensated absences, net pension liability – proportionate share and postemployment benefits healthcare costs are paid through future budgetary appropriations in the following funds: general, highway, Solid Waste Management Authority, part-town, lighting district, park districts, sidewalk district, refuse and garbage districts and public parking district, depending upon which fund gave rise to the liability. The length of service award program liabilities will be liquidated from the fire protection districts.

# SHORT-TERM DEBT

**Bond Anticipation Notes (BANs)** – are used as a temporary means of financing capital expenditures in the capital projects fund. State law requires that BANs issued for capital purposes prior to 2008 be converted to long-term obligations within five years after the original issue date; BANs issued for capital purposes after 2008 need to be converted to long-term obligations within seven years. The notes or renewal thereof may not extend more than two years beyond the original date of issue, unless a portion is redeemed within two years and within each 12 month period thereafter. Liabilities for BANs are generally accounted for in the capital projects fund. BANs are expected to be paid from the proceeds of future bond issues or renewal of the notes.

The refuse and garbage and garbage districts (Town and component unit) BANs consist of a \$1,210,000 BAN – 2017 Series A and a \$860,000 BAN – 2017 Series B renewed by the Town in 2017. The BANs were originally issued to fund the payment of cases challenging *ad valorem* garbage district taxes that the Town is confident will be reimbursed through the "County Guarantee". See Note 4.B, Litigation, for further discussion.

At December 31, 2017, the Town, inclusive of its discretely presented nonmajor component units had \$12,083,961 of BANs payable with interest rates of 2.000% with maturities in 2018.

These bond anticipation notes are summarized as follows:

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### D. INDEBTEDNESS (continued)

#### LONG-TERM DEBT

**General Obligation Bonds** – The Town borrows money in order to acquire land or equipment, or construct buildings and improvements. This enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. These long-term liabilities, which are backed by the full faith and credit of the Town, bear interest at various rates from 0.000% to 6.181% and have maturity dates in 2018 through 2047.

Also included in bonds are borrowings from the State Revolving Fund and Environmental Facilities Corporation (EFC). The Town, three Water Pollution Control Districts and three Water Districts have financed capital projects through the New York State EFC and State Revolving Fund Loans (bond issues). Under the financing plan, the Town and the Districts receive interest subsidies from the United States Environmental Protection Agency and the EFC.

Future principal and interest payments to maturity, for both the primary government and the nonmajor component units, are as follows:

**Revenue Bonds** – The Town borrowed money in order to finance the purchase of certain real property. These bonds bear an interest rate of 2.300% and mature on February 1, 2018.

Future principal and interest payments to maturity for the Town's revenue bonds are as follows:

|                               | Principal     | <br>nterest  | al Principal<br>d Interest |
|-------------------------------|---------------|--------------|----------------------------|
| Year Ending December 31, 2018 | \$<br>890,582 | \$<br>10,242 | \$<br>900,824              |

Revenue bonds are paid through annual budgetary appropriation in the Solid Waste Management Authority.

#### E. RETIREMENT SYSTEM

#### Plan Description

The Town of North Hempstead participates in the New York State and Local Employees' Retirement System ("ERS" or the "System"). This is a cost-sharing multiple-employer defined benefit pension plan. The net position of the System is held in the New York Common Retirement Fund ("Fund"), which was established to hold all assets and record changes in the fiduciary net position allocated to the System. The Comptroller of the State of New York (the "Comptroller") serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. System benefits are established under the provisions of the New York State Retirement and Social Security Law ("RSSL"). Once a public employer elects to participate in the System, the election is irrevocable.

3. DETAILED NOTES ON ALL FUNDS (continued)

#### E. RETIREMENT SYSTEM (continued)

#### Plan Description (continued)

The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Town also participates in the Public Employees' Group Life Insurance Plan ("GLIP"), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report may be found at <a href="http://www.osc.state.ny.us/retire/publications/index.php">http://www.osc.state.ny.us/retire/publications/index.php</a> or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244-0001.

#### Benefits Provided

The System provides retirement benefits, as well as death and disability benefits.

#### Tiers 1 and 2

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 and Tier 2 is 55 and 62, respectively.

Benefit calculation: Generally, the benefit is 1.67% of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2.0% of final average salary for each year of service. Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months.

Final average salary is the average of the wages earned in the three highest consecutive years of employment. For Tier 1 members who joined on or after June 17, 1971, each year of final average salary is limited to no more than 20% of the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20% of the average of the previous two years.

#### Tiers 3, 4, and 5

Eligibility: Tier 3 and 4 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. Tier 5 members, with the exception of those retiring under special retirement plans, must have ten years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4 and 5 is 62.

Benefit calculation: Generally, the benefit is 1.67% of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2.0% of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5% of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with ten or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits.

Final average salary is the average of the wages earned in the three highest consecutive years of employment. For Tier 3, 4 and 5 members, each year of final average salary is limited to no more than 10% of the average of the previous two years.

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### E. RETIREMENT SYSTEM (continued)

Benefits Provided (continued)

Tier 6

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have ten years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tier 6 is 63.

Benefit Calculation: Generally, the benefit is 1.67% of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75% of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2.0% of final average salary is applied for each year of service over 20 years. Tier 6 members with ten or more years of service can retire as early as age 55 with reduced benefits.

Final average salary is the average of the wages earned in the five highest consecutive years of employment. For Tier 6 members, each year of final average salary is limited to no more than 10% of the average of the previous four years.

#### Disability Retirement Benefits

Disability retirement benefits are available to members unable to perform their job duties because of permanent physical or mental capacity. There are three general types of disability benefits: ordinary, performance of duty and accidental disability benefits. Eligibility, benefit amounts and other rules such as any offsets of other benefits depend on a member's tier, years of service and plan.

#### Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

#### Post-Retirement Benefit Increases

A cost-of-living adjustment is provided annually to: (i) all retirees who have attained age 62 and have been retired for five years; (ii) all retirees who have attained age 55 and have been retired for ten years; (iii) all disability retirees, regardless of age, who have been retired for five years; (iv) recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement. An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible retiree as computed on a base benefit amount not to exceed \$18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50% of the annual Consumer Price Index as published by the U.S. Bureau of Labor, but cannot be less than 1% or exceed 3%.

#### Contributions

Generally, Tier 3, 4 and 5 members must contribute 3% of their salary to the System. As a result of Article 19 of the RSSL, eligible Tier 3 and 4 employees, with a membership date on or after July 27, 1976, who have ten or more years of membership or credited service with the System, are not required to contribute. Members cannot be required to begin making contributions or to make increased contributions beyond what was required when membership began. For Tier 6 members, the contribution rate varies from 3% to 6% depending on salary. Generally, Tier 5 and 6 members are required to contribute for all years of service.

#### NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### E. RETIREMENT SYSTEM (continued)

#### Contributions (continued)

Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the System's fiscal year ending March 31. Contributions for the current Plan year and two preceding years, inclusive of two component units were as follows:

|                                |   |     | l l                            | Innua | al Required (        | Cont | ribution - ER                         | S  |                               |    |                                     |
|--------------------------------|---|-----|--------------------------------|-------|----------------------|------|---------------------------------------|----|-------------------------------|----|-------------------------------------|
|                                | <br>Amount                                | Mis | credits & cellaneous justments |       | epayment<br>Discount | An   | 2011-2016<br>nortization/<br>Deferral |    | 2010<br>ncentive<br>stallment | -  | Total<br>Payment                    |
| March 31, 2018<br>2017<br>2016 | \$<br>5,035,565<br>5,030,156<br>5,712,758 | \$  | 3,060<br>134,508<br>(94,008)   | \$    | (45,225)<br>(45,714) | \$   | 960,172<br>1,005,270<br>59,329        | \$ | 323,230                       | \$ | 5,953,572<br>6,124,220<br>6,001,309 |

The actual contributions were \$4,752,914.

Chapter 57 of the Laws of 2010 of the State of New York was enacted to allow local employers to amortize a portion of their retirement bill for 10 years in accordance with the following stipulations:

- For State fiscal year 2010-11, the amount in excess of the graded rate of 9.5 percent of employees' covered pensionable salaries, with the first payment of those pension costs not due until the fiscal year succeeding that fiscal year in which the amortization was instituted.
- For subsequent State fiscal years, the graded rate will increase or decrease by up to one percent depending on the gap between the increase or decrease in the System's average rate and the previous graded rate.
- For subsequent State fiscal years in which the System's average rates are lower than the graded rates, the employer will be required to pay the graded rate. Any additional contributions made will first be used to pay off existing amortizations, and then any excess will be deposited into a reserve account and will be used to offset future increases in contribution rates.

Chapter 57 of the Laws of 2013 of the State of New York was enacted that allows local employers to amortize a portion of their retirement bill for 12 years in accordance with stipulations. The Town has continued with a 10 year amortization.

This law requires participating employers to make payments on a current basis, while amortizing existing unpaid amounts relating to the System's fiscal years, when the local employer opts to participate in the program. The total unpaid liability for the Town for the 2010 - 2015 amortization programs is \$5,025,786 inclusive of SWMA and one nonmajor component unit, the Glenwood Water District, of \$6,354. The total unpaid liability for the Town, without the nonmajor component unit, of \$5,019,432, was recorded in the government-wide statements. Amortization contributions will be paid in ten equal installments, one per year, but may be prepaid at any time. The Town has, for now, opted to amortize over the ten-year period. The interest rate for repayment of the amounts amortized for the System's fiscal years ending March 31, 2016, 2015, 2014, 2013, 2012 and 2011 are 3.210%, 3.150%, 3.670%, 3.000%, 3.750% and 5.000%, respectively. Future principal and interest payments to maturity for the amortization installments are as follows:

|  | Principal                  | Interest                       | tal Principal<br>nd Interest |
|--|----------------------------|--------------------------------|------------------------------|

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### E. RETIREMENT SYSTEM (continued)

#### Pension Liabilities, Pension Expense and Deferred Outflows of Resources Related to Pensions

At December 31, 2017, the Town reported a liability of \$10,315,083 for its proportionate share of the net pension liability of the System. The net pension liability was measured as of March 31, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of April 1, 2016. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. Below is the Town's proportionate share of the net pension liability of the System and its related employer allocation percentage.

| Measurement Date   | March 31, 2017   |
|--|------------------|
| Net Pension Liability                                      | \$<br>10,315,083 |
| Town's Portion of the System's total Net Pension Liability | 0.1097790%       |

The Town's proportionate share of the System's total net pension liability as of March 31, 2016 was 0.1105340% and therefore there was no significant change in the Town's proportion from March 31, 2016 to March 31, 2017.

For the year ended December 31, 2017, the Town recognized pension expense of \$6,169,714 in the statement of activities. At December 31, 2017, the Town reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

|   | <br>erred Outflows<br>Resources | <br>erred Inflows<br>f Resources |
|---|---------------------------------|----------------------------------|
| Differences between expected and actual experience  | \$<br>258,487                   | \$<br>1,566,403                  |
| Changes of assumptions  | 3,524,010                       |                                  |
| Net difference between projected and  |                                 |                                  |
| actual earnings on pension plan investments   | 2,060,340                       |                                  |
| Changes in proportion and differences between the Town's contributions and proportionate share of contributions | 817,768                         | 29,555                           |
| Town's contribution subsequent to the measurement date  | 3,560,974                       |                                  |
|   | \$<br>10,221,579                | \$<br>1,595,958                  |

The Town's contribution subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Plan Years Ending December 31, 2018 | \$<br>2,213,435 |
|-------------------------------------|-----------------|
| 2019                                | 2,213,435       |
| 2020                                | 1,946,969       |
| 2021                                | <br>(1,309,192) |
|                                     | \$<br>5,064,647 |

#### Actuarial Assumptions

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date.

The actuarial valuations used the following actuarial assumptions:

| Measurement Date                           | March 31, 2017 |
|--|----------------|
| Actuarial Valuation Date                   | April 1, 2016  |
| Investment Rate of Return (net of investme | ent expense,   |
| including inflation)                       | 7.0%           |
| Salary Scale                               | 3.8%           |
| Cost of Living Adjustments                 | 1.3% annually  |
| Inflation Rate                             | 2.5%           |
|  |                |

#### TOWN OF NORTH HEMPSTEAD NOTES TO FINANCIAL STATEMENTS

December 21 2017

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### E. RETIREMENT SYSTEM (continued)

#### Actuarial Assumptions continued)

Annuitant mortality rates are based on the April 1, 2010 – March 31, 2015 System's experience with adjustments for mortality improvements based on Society of Actuaries Scale MP-2014. The actuarial assumptions used in the April 1, 2016 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2017 are summarized below:

| Asset Class                | Target Allocation | Long-Term Expected<br>Real Rate of Return |
|----------------------------|-------------------|---|
| Domestic equity            | 36.0%             | 4.55%                                     |
| International equity       | 14.0%             | 6.35%                                     |
| Private equity             | 10.0%             | 7.75%                                     |
| Real estate                | 10.0%             | 5.80%                                     |
| Absolute return strategies | 2.0%              | 4.00%                                     |
| Opportunistic portfolio    | 3.0%              | 5.89%                                     |
| Real assets                | 3.0%              | 5.54%                                     |
| Bonds and mortgages        | 17.0%             | 1.31%                                     |
| Cash                       | 1.0%              | (0.25)%                                   |
| Inflation indexed bonds    | 4.0%              | 1.50%                                     |
|                            | 100.0%            |   |

The real rate of return is net of the long-term inflation assumption of 2.50%.

#### Discount Rate

The discount rate used to calculate the total pension liability was 7.0% for the System. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate assumption of 7.0%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.0%) or 1-percentage point higher (8.0%) than the current assumption:

|  | 1%<br>Decrease<br>(6.0%) | Current<br>Assumption<br>(7.0%) | 1%<br>Increase<br>(8.0%) |
|--|--------------------------|---------------------------------|--------------------------|
| Town's proportionate share of<br>the net pension liability (asset) | \$<br>32,944,331         | \$<br>10,315,083                | \$<br>(8,817,904)        |

#### TOWN OF NORTH HEMPSTEAD NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### E. RETIREMENT SYSTEM (continued)

Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption (continued)

The components of the current year net pension liability of the employers participating in the System as March 31, 2017, were as follows (dollars in thousands):

| Employers' total pension liability | \$<br>177,400,586 |
|------------------------------------|-------------------|
| Plan net position                  | (168,004,363)     |
| Employers' net pension liability   | \$<br>9,396,223   |
| Ratio of plan net position to the  |                   |
| Employers' total pension liability | 94.70%            |

Detailed information about the pension plan's fiduciary net position is available in the System's separately issued financial statements.

#### F. FIRE PROTECTION LENGTH OF SERVICE AWARD PROGRAM ("LOSAP")

The Town of North Hempstead's financial statements are for the year ended December 31, 2017. However, the information contained in this note is based on information for the LOSAP's for the plan years ending on various dates (see Table #1), which are the most recent plan years for which complete information is available.

#### **Program Description**

The Town of North Hempstead, along with the respective Fire Companies and other municipalities, as required, sponsor six Volunteer Firefighters Length of Service Award Programs (the Plans): Albertson Hook & Ladder Engine & Hose Company #1, Alert Engine, Hook and Ladder and Hose Company #1, Floral Park Centre Fire Company, Inc., Glenwood Hook and Ladder, Engine and Hose Company, Port Washington Fire Department, Inc. and Roslyn Volunteer Firefighter Service Award Program. The programs are defined benefit plans and were established pursuant to Article 11A of the New York State General Municipal Law. The programs took effect on various dates (see Table #1). The Plans established a defined benefit LOSAP for the active volunteer firefighters of the respective fire companies. The programs provide municipal funded pension-like benefits to facilitate the recruitment and retention of active volunteer firefighters. Four of the programs, Alert Engine, Hook and Ladder and Hose Company #1, Glenwood Hook and Ladder, Engine and Hose Company, Port Washington Fire Department Inc. and Roslyn Volunteer Firefighter Service Award Program, Alert Engine, Hook and Ladder and Hose Company #1, Glenwood Hook and Ladder, Engine and Hose Company, Port Washington Fire Department Inc. and Roslyn Volunteer Firefighter Service Award Program, have multiple sponsors.

#### Participation, Vesting, and Service Credit

Active volunteer firefighters, who have reached a specific age (as determined by each Plan – see Table #1) on the last day of the year and who have completed one year of firefighting service (or a probationary period), are eligible to participate in the Plan. Participants acquire a nonforfeitable right to a service award after being credited with five years of firefighting service, or upon attaining the Plan's entitlement age while active, becoming totally and permanently disabled, or upon death while an active member. The Plan's entitlement ages vary, ranging from 55 to 65 (as determined by each plan) and take effect after the first year of service credit or after the probationary period (as determined by each Plan – see Table #1).

In general, an active volunteer firefighter is credited with a year of firefighting service for each calendar year, after the establishment of the Plan, in which they become eligible to participate and accumulate a specified number of points. Points are granted for the performance of certain activities, in accordance with a system established by the sponsor, on the basis of a statutory list of activities and point values. A participant may also receive credit for previous years (as determined by each Plan – see Table #1) of firefighting service (called "Prior Service") rendered prior to the establishment of the Plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### F. FIRE PROTECTION LENGTH OF SERVICE AWARD PROGRAM ("LOSAP") (continued)

#### **Benefits Provided**

A participant's benefit under the Plan is the actuarial equivalent of a monthly payment for life equal to \$20 to \$30 (as determined by each Plan – see Table #1), multiplied by the participant's total number of years of firefighting service. The number of years of firefighting service used to compute the benefit cannot exceed 25 to 40 years (as determined by each Plan – see Table #1), including Prior Service credits. Except in the case of disability or death, benefits are payable when the participant has attained the entitlement age. The program provides statutorily mandated death and disability benefits. (See Table #1).

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### F. LENGTH OF SERVICE AWARD PROGRAMS (LOSAP) (continued)

#### **Fiduciary Investment and Control**

Service credit is determined by the governing board of the sponsor, based on information certified to the governing board by each fire company having members who participate in the program. Each fire company must maintain all required records on forms prescribed by the governing board.

Some governing boards of the sponsors retained and designated organizations to assist in the administration of the program (see Table #2). The designated program administrator's functions include duties outlined in the service agreements. Disbursements of program assets for the payment of benefits or administrative expenditures are approved by a representative of the Fire Company, the Plans Joint Sponsoring Board, or the Plan Administrator (as determined by each Plan).

Program assets are required to be held in trust by LOSAP legislation, for the exclusive purpose of providing benefits to participants and their beneficiaries or for the purpose of defraying the reasonable expenditures of the operation and administration of the program. Any payments under the programs shall be made from the general assets of the sponsors which general assets are subject to the claims of the creditors of the sponsor. There are no assets accumulated in a trust that meet the criteria in GASB Statement No. 73. As such, the trust assets may not be offset against the LOSAP liability. Some Plans have designated trustees (see Table #2).

Authority to invest program assets is vested in the sponsor's name. Subject to restrictions in the programs plan documents, program assets are currently invested in accordance with a statutory "prudent person" rule.

Plan sponsors are required to retain an actuary to determine the amount of the sponsor's contributions to the plan. The actuaries retained by the sponsors for this purpose are outlined in the table below. Portions of the following information are derived from the reports prepared by these actuaries (see Table #2 for report dates).

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### F. LENGTH OF SERVICE AWARD PROGRAMS (LOSAP) (continued)

## Program Liabilities, Program Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Program

At December 31, 2017, the Town reported a liability of \$10,285,149 for its proportionate share of the length of service award program liability. The length of service award program liability was measured as of December 31, 2016 for all plans except for Glenwood Hook and Ladder which was measured as of December 31, 2017. The Town's proportion of the length of service award program liability was based on a projection of the Town's share of contributions to the programs.

The following table shows the schedule of changes in the program liability for the year ended December 31, 2017 for the two LOSAP Plans where the Town is the sole sponsor:

|  | <br>Albertson              | Floral | Park Centre       |
|--|----------------------------|--------|-------------------|
| Program Liability - Beginning of year<br>Service cost                      | \$<br>3,698,067<br>138,879 | \$     | 922,826<br>20,168 |
| Interest   | 120,904                    |        | 29,988            |
| Difference between expected and actual experience<br>Change in assumptions | 7,473<br>(271,929)         |        | 3,946<br>(67,991) |
| Benefit payments   | <br>(117,413)              |        | (11,760)          |
| Program Liability - End of year  | \$<br>3,575,981            | \$     | 897,177           |

The Town's proportionate share of the total pension liability, the basis on which its proportion was determined and the changes in its proportionate share since the prior measurement date is as follows:

| -  | Alert                     | Glenwood                  | Port Washington           | Roslyn                    |
|--|---------------------------|---------------------------|---------------------------|---------------------------|

#### F. LENGTH OF SERVICE AWARD PROGRAMS (LOSAP) (continued)

# Program Liabilities, Program Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Program (continued)

Deferred outflows of resources related to the program resulting from the Town's contribution subsequent to the measurement date in the amount of \$310,740 will be recognized as a reduction of the program liability in the year ended December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the program will be recognized in program expense as follows:

#### Funding Methodology and Actuarial Assumptions

The actuarial valuation methodology used by the actuary to determine the sponsor's liability is listed in Table #4 below. The assumed rate of return on investment was determined by using the yield to maturity of the S&P Municipal Bond 20-Year High Grade Rate Index for all LOSAP Plans other than Glenwood. Glenwood's assumed rate of return on investment was determined by using the 20-year AA general obligation bond rate. Update procedures were used to roll forward the liability from the actuarial valuation date to the measurement date.

The assumptions used by the actuary to determine the sponsor's liability are:

#### G. POSTEMPLOYMENT BENEFITS HEALTHCARE COSTS

#### Plan Description

The Town operates a single-employer defined benefit plan per its contract with its union employees and is also followed by its non-union staff. The Town will pay the full premium costs for the medical benefits, currently provided by the New York State Health Insurance Program (NYSHIP) (Empire Plan), HIP Prime HMO or Island 65. Active and retired employees of the Town have the Empire PPO Plan (Core Plus Enhancements) or HIP Prime HMO. Island 65, available for retirees over 65, is a choice of coverage for retirees, through a self-administered arrangement through Island Group Administration, Inc. The Empire Plan has separate pre-Medicare and Medicare rates. Since the plans are community rated, the retiree claim costs are based on the actual rates without adjustment for age.

Regular full-time employees who have completed ten (10) cumulative years of full-time service with the Town, or Elected Officials and Executive Management/Appointed Employees who have five (5) or more cumulative years of service with the Town, vest the right to receive fully covered medical coverage at retirement age, as determined by the Plan. Retiree health insurance contributions for non-union staff will follow that which is set forth in the CSEA contract. Individual coverage is provided to those employees with five full years of service and who have reached the age of 70 and can retire. Additionally, individual and family medical benefits are provided to those retirees who are 55 years or older and have ten years of service. Retirees within five years of age 55 can contribute 100% of their medical premiums as a vestee until age 55 at which time the Town will pay the full benefit. The Town provides full dental and vision benefits to exempt employees when they retire. Non-exempt employees can pay for dental and vision benefits for up to eighteen months under COBRA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### G. POSTEMPLOYMENT BENEFITS HEALTHCARE COSTS (continued)

Upon the death of a retiree, the Town continues to pay full healthcare costs for the un-remarried survivor for three months after the month of death. During the three month period of time, the survivor determines if they want to continue and pay for coverage under the Town's policy. The Town does not pay the premium costs for survivors of former employees who became survivors before March 1, 1995 and pays 50% of the premium costs for survivors of former employees, he or she is survived by a qualified dependent of the former employee for who there has been continuous coverage under the Town's medical plan, the Town will pay 50% of the premium to continue individual medical coverage for the qualified dependent for as long as such person remains a qualified dependent, up to age 26.

The retiree is also eligible for Medicare Part B reimbursement. The Medicare Part B premium that is charged varies by income level, with a base rate of \$1,608. Medicare Part reimbursement valuation was assumed at the basic level. Presently, the survivor does continue to receive the Medicare reimbursement. For future survivors, the plan provides 50% of the medical premium and none of the Medicare Part B premium. These contracts may be renegotiated at various times in the future.

The Town, as administrator of the plan, does not issue a separate report.

The number of participants as of January 1, 2016, the effective date of the OPEB valuation, follows. There have been no significant changes in the number of employees or the type of coverage since that date.

| Active employees                       | 419 |
|--|-----|
| Retired employees and spouses          | 278 |
| Surviving spouses of deceased retirees | 44  |
| Total                                  | 741 |

#### Funding Policy

The Town currently pays for postemployment health care benefits on a pay-as-you-go basis.

#### Annual Other Postemployment Benefit Cost

For the year ended December 31, 2017, the Town's annual OPEB cost (expense) was \$11,878,847. Considering the annual expense as well as the payment of current health, dental and vison insurance premiums and Medicare reimbursements, which totaled \$3,944,300 for retirees and their beneficiaries, the result was an increase in the other postemployment benefits liability of \$7,934,547 for the year ended December 31, 2017. The OPEB cost for the nonmajor component units for the year ended December 31, 2017, amounted to \$10,773,093. Considering health insurance payments totaling \$2,987,047, the increase in the other postemployment benefits liability for the nonmajor component units for the year ended becember 31, 2017 amounted to \$7,786,046.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### G. POSTEMPLOYMENT BENEFITS HEALTHCARE COSTS (continued)

#### Benefit Obligations and Normal Cost (continued)

The Town's annual OPEB cost is calculated based on the annual required contribution (ARC) of the employer, which is an amount actuarially determined. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The unfunded actuarial accrued liability for the Town for the year ended December 31, 2017 amounted to \$133,694,994. The unfunded actuarial accrued liability for the nonmajor components units for the year ended December 31, 2017 amounted to \$129,166,885.

#### Level Dollar Amortization Calculation of ARC under the Projected Unit Credit Cost Method

The required schedule of funding progress can be found immediately following the notes, in required supplementary information and presents trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### G. POSTEMPLOYMENT BENEFITS HEALTHCARE COSTS (continued)

#### Actuarial Methods and Assumptions

The projection of future benefits for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of future events far into the future. Amounts determined regarding the funded status of a plan and the employer's annual required contributions are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members), and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point.

The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the January 1, 2016 actuarial valuation the assumptions used in calculating OPEB are as follows:

- The actuarial funding method used is the projected unit credit cost method.
- The method for amortizing the initial unfunded accrued liability is level dollar amortization. A 30year open amortization period was used.
- The discount rate used is 4.0%.
- The mortality table used is the 2011 United States Life Tables, extended to age 110.
- The inflation rate is 4.0%.
- Health care cost trends rates inclusive of general inflation:
  - Medical Premiums: 9.0% in year 1 grading to 5.0% in year 9 and subsequent.
  - o Medicare Part B Premiums: 7.0% in year 1 grading to 5.0% in year 5 and subsequent.
  - o Dental Premiums: 5.0% in year 1 grading to 4.0% in year 5 and subsequent.
  - o Vision Premiums: 3.0% in year 1 and subsequent.
- Spousal coverage:
  - For current retirees, actual data is used in determining if spousal benefits are included in the valuation.
  - For future retirees, it is assumed that 65% of males and 40% of females will elect to receive family coverage at retirement.
- Turnover rates are based on the experience of the New York State and Local Retirement System.
- Retirement rates are based on the experience of the New York State and Local Retirement System.
- All active employees potentially eligible for medical insurance related to OPEB benefits are included in the valuation, including those who may not have currently elected to receive benefits. It is assumed that 90% of all eligible personnel will elect to receive postemployment medical benefits upon retirement and that 100% will elect dental and vision benefits upon retirement.
- Empire Plan, Island 65, Medicare Part B and dental/vision premiums are assumed to increase on January 1 of each year.
- Administrative fees are assumed to continue and increase each year by 4.0%. Participation rate is 100% of eligible retirees.

A copy of the Town of North Hempstead's Retiree Medical Program, December 31, 2017 valuation is available by contacting the Town of North Hempstead, Office of the Comptroller, 220 Plandome Rd., Manhasset, New York 11030.

December 31, 2017

#### 3. DETAILED NOTES ON ALL FUNDS (continued)

#### H. COMPENSATED ABSENCES

Town employees are granted vacation and sick leave, and earn compensatory absences in varying amounts. In the event of termination, or upon retirement, an employee is entitled to payment for accumulated vacation, and sick leave, subject to certain limitations.

Estimated vacation, sick leave and compensatory absences accumulated by Town employees have been recorded in the statement of net position. Payment of vacation time and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payments of vacation, sick leave and compensatory absences when such payments become due.

As of December 31, 2017, the value of the accumulated vacation time and sick leave was \$5,240,520 for the Town. The liability for compensated absences for the nonmajor component units amounted to \$12,624,196.

#### I. TAX ABATEMENT PROGRAMS

The Town is subject to real property tax abatements granted by the Nassau County Industrial Development Agency ('NCIDA"), an entity created as a New York State public benefit corporation. The NCIDA was established by Code Section 922, which became Chapter 674 of the Laws of 1975. The NCIDA offers several abatement programs on certain qualified projects to promote, retain, attract and encourage sound commerce and industry base to prevent unemployment. At December 31, 2017, only the real property tax abatement program offered by NCIDA impacts the Town's revenues. Generally, a qualified project is an applicant submitted project which meets certain economic development criteria (such as job creation/retention) and which either (1) has been or will be financed by the issuance of NCIDA issued bonds, notes or other evidences of indebtedness with respect thereto, or (2) is a straight lease transaction which the NCIDA has determined to undertake pursuant to a lease policy. The NCIDA, based on the agreement and as a condition of providing assistance, may require that the benefiting company remit a PILOT payment to offset the amount of taxes abated. The NCIDA is authorized to enter into PILOT agreements per Real Property Tax Law, Section 412-a and General Municipal Law, Section 874. During the year ended December 31, 2017, the agreements the NCIDA ratified resulted in an abatement of \$3,293,239 of the Town's real property taxes and the receipt of \$1,205,191 in PILOT payments.

#### 4. COMMITMENTS AND CONTINGENCIES

#### A. RISK RETENTION

In common with other municipalities, the Town receives numerous notices of claims. The Town carries excess liability insurance coverage of \$1,000,000 per occurrence, with a \$3,000,000 annual aggregate, and is self-insured, up to \$500,000, for claims under this coverage. Although the eventual outcome of these claims cannot presently be determined, the Town Attorney has estimated unsettled claims and litigation for general liability to be \$3,012,721. The Town is of the opinion that the ultimate settlement of the outstanding claims will not result in a material adverse effect on the Town's financial position.

The Town is self-insured for property protection on the first \$250,000 per loss. The Town carries building and contents coverage in excess of \$100,000,000. Flood and earthquake claims are covered up to \$10,000,000 for any one loss and a \$10,000,000 annual aggregate.

The Town is self-insured for workers' compensation insurance and general liability insurance. Estimated benefits to be paid are appropriated in the various operating funds of the Town. The Town has provided an umbrella-type policy protecting against a catastrophic loss in the workers' compensation self-insurance protection program with \$500,000 retention, per occurrence, with benefits of up to \$25,000,000. Although the eventual value of these claims cannot presently be determined, the third-party administrator has estimated the workers' compensation to be \$3,158,535. The Town is also self-insured for unemployment benefits paid.

#### TOWN OF NORTH HEMPSTEAD NOTES TO FINANCIAL STATEMENTS

December 31, 2017

December 31, 20

#### 4. COMMITMENTS AND CONTINGENCIES (continued)

#### A. RISK RETENTION (continued)

There have been no significant reductions in insurance coverage as compared to the prior year, and there were no settlements in excess of insurance coverage over the last three years.

The Town estimates general liability reserves by consulting with legal counsel and reviewing past experience with similar claims. The Town estimates its workers' compensation reserves by consulting with the third-party administrator of its workers' compensation program and reviewing past experience with similar claims. The Town has not purchased any annuity contracts with regard to its workers' compensation or general liability claims.

The schedule below presents the changes in claims liabilities for the past two years for workers' compensation and general liability, and includes an estimate of claims that have been incurred but not yet reported.

|  |    | Wor<br>Compe | kers'<br>Insati | on        |                 | neral<br>bility |           |

#### **B. LITIGATION**

The Town in the normal course of business is involved in various matters of litigation. Other than the cases described below, in the opinion of the Town Attorney, there is no litigation by or pending against the Town that is not covered or mitigated by insurance, budgetary appropriations or other provisions which could have a materially adverse impact on the financial condition of the Town. In addition, notices of claim have been filed with the Town. The allegations set forth in the claims relate to various circumstances including personal injury, property damage, civil rights violations, employment discrimination, breach of contract and administrative determinations by Town officials. The claims seek money damages.

#### Nassau County Cases

#### Garbage Taxes and Local Utilities

A number of cases against the Town and the Commissioner-operated garbage districts within the Town challenging *ad valorem* garbage district taxes brought by several local utilities have been settled with the plaintiffs. The mass properties which were the subject of litigation have been removed from the tax rolls by the County.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 4. COMMITMENTS AND CONTINGENCIES (continued)

#### B. LITIGATION (continued)

Nassau County Cases (continued)

#### Garbage Taxes and Local Utilities (continued)

In February 2015, the Town paid \$1,550,174 to resolve the actions commenced by Verizon from 2003-2012. Proceeds of the \$4,765,000 Bond Anticipation Notes – 2015 Series B in the amount of \$1,575,000 funded the Town's settlement with Verizon. As of December 31, 2017, and after annual renewal, the outstanding balance of the BAN is \$1,210,000. The Town has obtained a judgment against the County for the refund plus interest, which the County has appealed. In August 2015, the Town paid Keyspan \$1,118,125 to resolve the actions commenced by Keyspan. Proceeds of the \$38,278,984 Bond Anticipation Notes – 2015 Series C in the amount of \$1,120,000 funded the Town's settlement with Keyspan. As of December 31, 2017, and after annual renewal, the outstanding balance of the BAN is \$860,000. The Town has obtained a judgment against the County for the refund, plus interest, which the County has appealed. It is the Town's position, based on Appellate Division precedent, that all of these matters are covered by the County Guarantee requiring an eventual payment or reimbursement of any judgments by the County. The County's appeals have been fully briefed but have not yet been calendared for argument in the Appellate Division, Second Department. The Town, exclusive of nonmajor component units, has recorded a receivable from the County under the County Guarantee for \$3,303,417. The Town considers this receivable to be long-term.

#### Long Island Power Authority Case

The Town is a defendant in an action relating to expenditures incurred in repairing an underground Long Island Power Authority ("LIPA") line damaged by the Town during an excavation project. The Town engaged in the proper procedures, notifying One Call prior to the excavation, and LIPA and its agents came out and supposedly marked the locations of all of their lines prior to the Town undertaking the excavation. However, LIPA and its agent failed to mark out the damaged line. The complaint seeks \$5,000,000 in damages and there is no excess coverage for this claim. The General Business Law applies to this claim. The Town moved to dismiss the complaint based upon such statute, which provides that if the utility does not diligently and accurately mark out its lines, it cannot recover for the expense of repair. The statute does not preclude common law claims; however, LIPA's failure to accurately mark out its own lines would seem to mitigate against, or on the basis of comparative negligence at least dramatically reduce, the success of such claim regardless of how it is made. The Town's motion to dismiss was denied. On appeal, LIPA's General Business Law claims; were dismissed. The negligence claims against the Town remain. Because of the appeal, the action was marked stayed in 2011. Although the appeal was decided in December 2012, LIPA has not filed the necessary papers to restore the matter to the active calendar. LIPA, its agent and the Town have attended Court-sponsored mediation without resolution. The last mediation was in November 2014. It is the opinion of the Town Attorney that any potential exposure of the Town will not approach \$5,000,000. The outcome of this litigation cannot be determined at this time, however, to be conservative, the Town has reserved \$750,000 related to this case and is included in the general liability above.

#### Nassau County Storm Water Pipe Case

In August 2015, Town officials became aware that a storm water pipe was blocked, causing flooding in the area of the railroad and Rushmore Street in New Cassel. Town employees discovered that the pipe was blocked by a mass of concrete near Rushmore Street where a concrete company operated. The Town subsequently determined that the pipe was owned by Nassau County. On September 4, 2015, the County sent the Town a letter asserting that the Town was responsible for the concrete in the pipe and claimed that the Town would be liable to the County for all restoration costs. Nassau County subsequently filed a complaint against the Town and area concrete companies asserting \$1,400,000 in damages. The County's theory is that the Town has failed in its responsibility under its MS4 storm water permit to prevent concrete from discharging from an area concrete plant into the storm water system.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 4. COMMITMENTS AND CONTINGENCIES (continued)

#### **B. LITIGATION** (continued)

#### Nassau County Storm Water Pipe Case (continued)

The Town counterclaimed against the County and cross-claimed against the concrete companies for the Town's expenses and flood damage. The Town's theory against the County is that the County failed to maintain its storm water pipe as is its obligation under its MS4 storm water permit. The Town, the County and the concrete companies are in the early stages of litigation over these issues and the outcome of this litigation cannot be determined at this time.

#### Glenwood Power Plant Case

In April 2018, National Grid sued Nassau County, the Town of North Hempstead, North Shore Central School District, and various special districts within the Town alleging that when the Glenwood Power Plant was demolished, the plant remained overtaxed because of the adjusted and current base proportions used to divide tax levy between property classes in the 2014/15 through 2017/18 tax years. The claim against the Town defendants is for monies had and received. The Town defendants' position is that the claim is covered by the County guarantee and the Town has no refund liability. The outcome of this litigation cannot be determined at this time.

#### Impact of Hurricane Sandy on the Town

As a result of Hurricane Sandy (the "Storm"), the Town sustained substantial damage to infrastructure and improved properties. Many Town roads had numerous large trees fall, destroying sidewalks and obstructing the right-of-ways, which were removed by Town workforce and outside contractors. Several Town Parks also incurred damage. The roof at the Department of Public Works Building (285 Denton Avenue, New Hyde Park) was damaged, as well as, the roof at Harbor Hills Park. There was damage to various recreational facilities, due to flooding issues, especially Harbor Hills Park and North Hempstead Beach Park.

Since the Storm, the Town has been in contact with officials from the Federal and State governments and 90% of the expenditures associated with the foregoing has been largely reimbursed by Federal agencies while 10% has been reimbursed by Community Development Block Grant ("CDBG") Funds made available by the State.

On an ongoing basis the Town continues to review and undertake projects to restore areas that were damaged by the Storm and to increase the resiliency of the Town's infrastructure. Ultimately, the Town anticipates spending approximately \$65,000,000 on projects, much of which is expected to be reimbursed by State and Federal agencies. The Town believes that it has complied with all terms and conditions of the grants and therefore any disallowances will be immaterial.

#### Other Litigation

In addition to the above referenced cases, the Town is involved in other lawsuits with claims ranging from several hundred dollars to \$5,500,000. These cases are in various stages of litigation and their outcome cannot presently be determined. Pursuant to the Local Finance Law, the Town is authorized to issue bonds or notes to finance any judgments and claims decided against the Town, if necessary. In the past, the Town has, on occasion, issued bonds or notes to finance judgments. An estimated liability of these claims has been included in the Town's general liability reserve summarized in the previous schedule.

In the opinion of the Town Attorney, other than the claims previously described, the resolution of such various cases and claims presently pending against the Town will not have an adverse material effect on the Town's financial position. Such matters are immaterial or adequately covered by existing insurance coverage. Accordingly, no liability has been recorded.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### COMMITMENTS AND CONTINGENCIES (continued)

#### C. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require the Town to place a final cover on its landfill sites and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. The L-4 Landfill stopped receiving waste in 1991 and was closed in 1996. The L-5 Landfill stopped receiving waste in 2002, and the capping was completed in 2004. Postclosure maintenance and monitoring activities for the L-4 and L-5 Landfills are estimated to be approximately \$930,000 per year. Accordingly, as of December 31, 2017, the Town has recorded a liability of \$12,844,027, in the government-wide financial statements, which represents the provision to be made in future budgets for unfunded closure and postclosure landfill costs. As this liability is based on 100% capacity, there are no estimated costs of closure and postclosure care costs remaining to be recognized. Actual costs may vary due to inflation, changes in technology, or changes in regulations or applicable laws.

#### D. FEDERAL AND STATE GRANTS

The Town has received grants, which are subject to audit by agencies of the state and federal governments. Such audits may result in disallowances and a request for a return of funds. Based on prior audits, the Towns' administration believes disallowances, if any, will be immaterial.

#### E. SOLID WASTE MANAGEMENT AUTHORITY

The Town is obligated, via agreement, to pay service fees to the Solid Waste Management Authority (SWMA) in an amount equal to the difference between SWMA expenditures, including debt service, and SWMA revenues. If SWMA revenues are insufficient to cover its expenditures, the Town is obligated to pay service fees to the SWMA, as long as the SWMA continues to provide solid waste services to the Town.

#### F. CONSTRUCTION AND OTHER CAPITAL ACQUISITION COMMITMENTS

Construction in progress, commitments for equipment purchases, and other capital acquisition commitments amount to \$13,020,186 at December 31, 2017.

#### G. LEASE COMMITMENTS AND LEASED ASSETS

#### **Operating Leases**

The Town leases equipment and space under non-cancelable operating leases that commenced between May 1989 and December 2017, and expire between February 2018 and May 2029. Total rental expenditures on such leases for the year ended December 31, 2017 totaled \$418,297. The minimum future non-cancelable operating lease payments are as follows:

| Years Ending December 31,         | 2018    | \$<br>321,878 |
|-----------------------------------|---------|---------------|
|                                   | 2019    | 264,052       |
|                                   | 2020    | 185,745       |
|                                   | 2021    | 85,908        |
|                                   | 2022    | 15,000        |
| 202                               | 23-2027 | 75,000        |
| 202                               | 28-2029 | 21,250        |
| Present value of minimum lease pa | ayments | \$<br>968,833 |

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 4. COMMITMENTS AND CONTINGENCIES (continued)

#### H. POLLUTION REMEDIATION OBLIGATIONS

The Town's policy is to estimate the components of expected pollution remediation outlays and determine whether outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired. Obligating events include the following:

The Town:

- Is compelled to take remediation action because of imminent endangerment
- Violates a pollution related permit or license
- Is named or will be named as a responsible party or potentially responsible party for a remediation
- Is named or will be named in a lawsuit to compel pollution remediation
- Commences or obligates itself to remediate pollution

At December 31, 2017, the Town has recorded no pollution remediation obligations.

# 5. CONDENSED FINANCIAL STATEMENTS FOR THE DISCRETELY PRESENTED NONMAJOR COMPONENT UNITS

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 6. CUMULATIVE EFFECT OF CHANGE IN ACCOUNTING PRINCIPLE

For the year ended December 31, 2017, the Town implemented GASB Statement No. 73 "Accounting and Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68." The implementation of the Statement resulted in the retroactive reporting of a liability related to the Town's participation in the various length of service award programs (defined benefit plans) for volunteer firefighters. The Statement also required that the assets held in trust for the program that are not protected from creditors be reported as assets of the sponsoring municipalities. In the fund level financial statements, the fire protection districts fund beginning fund balance was restated by \$5,674,173, increasing from \$1,192,786 to \$6,866,959 for the recognition of the Town's proportionate share of the program assets. In the government-wide statements, The Town's January 1, 2017 governmental activities net position was restated by the net amount of the Town's proportionate share of the program assets which decreased net position by \$4,971,831 from \$175,020,580 to \$170,048,749.

#### 7. RESTATEMENTS

#### Primary Government

Management of the Town determined that fund balances of the Town's highway and solid waste management authority funds were incorrectly reported as of December 31, 2016. Due to a subsequent adjustment in a Federal Emergency Management Agency ("FEMA") project worksheet, FEMA revenue of \$638,279 recorded in the solid waste management authority fund should have been recorded as revenue in the highway fund. The restatement had no effect on the results of the current period's activities or the overall Town's fund balance; however, the restatement increased the highway fund's beginning fund balance by \$638,279 from \$6,996,080 to \$7,634,359 and decreased the solid waste management authority's fund balance by \$638,279 from \$2,737,657 to \$2,099,378.

#### Nonmajor Component Units

Fund balances as of January 1, 2017 of certain nonmajor component units have been adjusted as follows:

Carle Place Water District beginning fund balance decreased by \$302,509 as management of the district determined that certain assets would become obsolete or replaced as a result of the work performed in conjunction with the new bond issue. To avoid depreciation on any of the items or duplication as a result of construction in progress, it became necessary to adjust the opening balances and net position for the net change of \$302,509.

Great Neck Water Pollution Control District beginning fund balance increased by \$494,737 as changes were made to correct the amount owed for previously reported expenses.

Manhasset-Lakeville Water District beginning fund balance decreased by \$33,459 due to various adjustments for over and under statements in the amounts due from primary government recognized in error in the prior year.

#### 8. SUBSEQUENT EVENTS

#### Debt Issuances

In April 2018, the Town issued \$20,895,000 of Public Improvement Bonds – 2018 Series A, with maturity dates of April 1, 2019-2032. The interest rates range from 3.000% to 5.000%. The proceeds from the sale of the Bonds, together with \$495,420 in available funds, will be used to redeem a \$3,466,663 portion of the Town's \$7,354,461 Bond Anticipation Notes for Various Purposes – 2017 Series A at maturity. A portion of the proceeds in the amount of \$17,923,757 will be used to provide original or additional financing for various capital projects.

In April 2018, the Town issued \$5,364,485 of Bond Anticipation Notes – 2018 Series A at interest rates of 1.35% and 2.75%, maturing on April 2, 2019. A portion of the proceeds from the sale in the amount of \$3,459,798, together with \$428,000 in available funds, will be used to redeem a \$3,887,798 portion of the Town's 2017 Series A note. A portion of the proceeds in the amount of \$1,904,687 will be used to provide original or additional financing for various capital projects.

#### 8. SUBSEQUENT EVENTS (continued)

Debt Issuances (continued)

In April 2018, the Town issued a \$1,500,000 Bond Anticipation Note – 2018 Series B at an interest rate of 1.29% maturing on April 2, 2019. The note will be used to provide original financing for a water pollution district capital project.

#### 9. NEW PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) has issued the following Statements:

Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," the primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement replaces the requirements of Statements No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB. The requirements of the new Statement become effective for the Town for the year ended December 31, 2018.

Statement No. 82, "*Pension Issues - An Amendment of GASB Statements No. 67, 68 and 73,*" is to be implemented over multiple years. The objective of this Statement to be implemented in the future is to address issues regarding the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes. In those certain circumstances, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. The requirements of the new Statement become effective for the Town for the year ended December 31, 2018.

Statement No. 83, "Certain Assets Retirement Obligations," establishes criteria for determining the timing and pattern of recognition of a liability and corresponding deferred outflow of resources for asset retirement obligations. It also addresses that measurement of both the asset retirement obligation and deferred outflows of resources should be based on the estimated of the current value of expected outlays. The requirements of the new Statement become effective for the Town for the year ended December 31, 2019.

Statement No. 84, *"Fiduciary Activities,"* establishes criteria for identifying fiduciary activities of all state and local governments. The criteria focus is generally on (1) whether a government is controlling the assets of the fiduciary activity, and (2) the beneficiaries with whom a fiduciary relationship exists. The Statement establishes the four fiduciary funds that should be reported (as applicable): (1) pension and other employee benefit trust funds, (2) investment trust funds, (3) private purpose trust funds, and (4) custodial funds. This Statement also provides guidance for the recognition of a liability when an event has occurred that compels the government to disburse fiduciary resources. The requirements of the new Statement become effective for the Town for the year ended December 31, 2019.

Statement No. 85, "*Omnibus 2017*," was issued to address practice issues identified in the implementation and application of certain GASB Statements. It addresses many topics including, but not limited to: blending component units, goodwill, fair value measurement and applications, and postemployment benefits such as pension and other postemployment benefits. The requirements of the new Statement become effective for the Town for the year ended December 31, 2018.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

#### 9. NEW PRONOUNCEMENTS (continued)

Statement No. 86, "Certain Debt Extinguishment Issues," was issued to improve the consistency in accounting and reporting for in-substance defeasance of debt and prepaid insurance on debt that is extinguished. This Statement clarifies that the governments should recognize any difference between the reacquisition price (the amount required to be placed in trust) and the net carrying amount of the debt defeased in substance using only existing resources as a separately identified gain or loss in the period of the defeasance, regardless if utilizing existing resources or issuing refunding debt. It also clarifies that any prepaid insurance related to the extinguished debt be included in the net carrying amount of debt for purposes of calculating the difference between the reacquisition price and carrying amount of the debt. The requirements of the new Statement become effective for the Town for the year ended December 31, 2018.

Statement No. 87, "Leases," establishes accounting and financial reporting of leases. It requires the recognition of certain lease assets and liabilities for leases that were previously classified as operating leases. For leases with terms in-excess of 12 months, the Statement requires the leases to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The requirements of the new Statement become effective for the Town for the year ended December 31, 2020.

Statement No. 88, "*Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements,*" was issued to improve information disclosed in the notes to financial statements related to debt and clarifies which liabilities governments should include when disclosing information related to debt. The requirements of the new Statement become effective for the Town for the year ended December 31, 2019.

The Town is currently evaluating the impact of the above pronouncements on its financial statements.

## REQUIRED SUPPLEMENTARY INFORMATION OTHER THAN MANAGEMENT'S DISCUSSION AND ANALYSIS

Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual Major Governmental Funds and Schedules

## NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The budgets are adopted on a basis of accounting consistent with GAAP. In the event that actual revenues received exceed budgeted amounts, generally, additional budgetary appropriations are made. The capital projects fund is budgeted on a project basis.

The Town adopts the budget and establishes legal level of control of the budget at the object level expenditures. The object level identifies expenditures by the article purchased or service obtained to carry out a function.

In order to show the full legal level of budgetary compliance for the general and certain special revenue funds, detailed individual statements of expenditures – budget and actual, are presented in a separate budget report.

The Town changed actuarial consultants in the 2013 roll-forward year.

\* Roll forward

<sup>1</sup> The decrease in the Town's liability stemmed from a variety of factors, including lower than anticipated increases in medical premiums, actuarial adjustments concerning the medical premium cumulative trend and mortality tables, and a decrease in the number of active employees from the prior year.

<sup>2</sup> The increase in the Town's liability stemmed from a variety of factors, including increases in medical premiums and changes in mortality tables.

Additional Postemployment Benefit Healthcare Costs information is shown in Note 3.G to the financial statements.

# DISCRETELY PRESENTED NONMAJOR COMPONENT UNITS

The nonmajor component units of the Town provide water, water pollution control, garbage, parks, police, library, community development, and business improvement services to residents and businesses within the districts. These districts are organized under New York State Town Law and have separately elected boards. Long-term debt, backed by the full faith and credit of the Town, and other matters result in interdependency with the Town.

1 Total tax levy consists of Town of North Hempstead, Special Districts and Nassau County.

2 The Town retains 100% of the amount levied for Town, Highway and Special District purposes; taxes uncollected at the expiration of the warrant are returned to the County for collection and enforcement. As a result there are no Town taxes collected in subsequent years.

1 During 2012, Port Washington Public Parking replaced 300 single space meters, with 6 multi-space meters. 2 Tully Park and new Manorhaven Pool reopened in 2011.

3 311 call center data unavailable prior to 2009.

4 S.T.O.P. program data unavailable prior to 2012.

5 CGM Pool was closed in 2017 due to reconstruction project.

6 In 2017, the Town was no longer accepting this waste.
