

ADDENDUM NO. 2

NAME: (TNH127-2015)-Permit Parking Program (RFP)

DATE: September 9, 2015

TO: All Prospective Bidders

This amendment is being issued to answer questions concerning the above bid:

- 1) I am in receipt of Addendum 1 and have a follow up to question 4 regarding the enforcement system? The answer states the type of handheld it neglects to state the actual system (such as T2, Cardinal, Clancy, others)? This is needed in order to explore potential integration from the bar code of the permit into the enforcement system. The assumption is a person may purchase a permit and stop paying for it and retain the permit. The PEO without the ability to scan and the integration of both systems will not have availability to determine valid and up to date.

Answer –We use Gtechna’s software system for parking enforcement
