Pollinator Pledge

As part of National Wildlife's Mayors' Monarch Pledge the Town is committed to helping declining pollinator species, like monarch butterflies, through creation of pollinator habitats, education, outreach, and participating in community science research. You can help pollinators too by taking the Town's Pollinator Pledge and committing to taking actions in your own landscape. Did you Know?

Did you know cutting down on fertilizer use can help prevent stormwater pollution. Remember to follow instructions and use them sparingly. Also consider adding a rain garden to help filter out contaminants.
