- (1) In the consideration and determination of applications for conditional uses or special permits, the Board of Zoning and Appeals shall consider the following general standards as applied to the specific application:
 - (a) The purposes of zoning as set forth in the Town Law of the State of New York and uses permitted in the district in which the property is located.
 - (b) Whether the proposed use is of such character, size, location, design and site layout as to be appropriate to and in harmony with the surrounding properties.
 - (c) Whether the proposed use will provide a desirable service, facility or convenience to the area or otherwise contribute to the proper growth and development of the community and to its general welfare.
 - (d) Whether the proposed use will be hazardous, conflicting or incongruous to the immediate neighborhood by reason of excessive traffic, assembly of persons or vehicles, proximity to travel routes or congregations of children or pedestrians.
 - (e) Whether the proposed use will be of such nature as to be objectionable to nearby residential dwellings by reason of noise, lights, vibration or other factors of impact.
 - (f) Whether the proposed use will be a harmonious use in the district in which it is to be situated and not hinder or discourage the appropriate use and development of adjacent uses or impair the value thereof.
 - (g) In addition to the foregoing, the location and size of a proposed use in a business or industrial district, the nature and intensity of the operations proposed, the site layout and its relation to access streets shall be considered by the Board having jurisdiction of the application to determine whether the vehicular traffic resulting from such use will be more hazardous than the normal traffic of the district, taking into account such factors as street intersection, traffic flow, sight distances and pedestrian traffic.
- (2) If the Board of Zoning and Appeals shall determine that the conditional uses provided in this chapter or a proposed special use will conform to the general character of the neighborhood to which the proposed use will apply and that the

public health, morals, safety and general welfare of such neighborhood will be secure by the granting of such use, subject to the safeguards imposed by the Board, then the Board of Zoning and Appeals shall authorize the issuance of a permit pursuant to § 70-225 of this article. Such permits may be granted for a temporary period or permanently, as determined by the Board, and, if granted for a temporary period, application for extension of same will be subject to a public hearing as required in the original application.

- (3) Before an application for a conditional or special use may be heard by the Board of Zoning and Appeals, a complete and accurate list of the names and addresses of the owners of all the lands within a radius of 200 feet of the property affected by such application as appears on the latest completed assessment roll of the County of Nassau shall be submitted simultaneously with the application. The applicant shall send, by registered or certified mail, to each owner shown on said list, not less than 10 nor more than 20 days before the date set for a hearing upon this application, a notice addressed to such owners generally, signed by the applicant, identifying the property affected thereby and setting forth the use requested and the date, hour and place fixed by the Board of Zoning and Appeals for the hearing thereon. Before such case may be heard by the Board of Zoning and Appeals, the applicant must file with the Clerk of the Board, not later than five days prior to the hearing date, an affidavit of the mailing of such notices as herein provided, said affidavit to be made on forms to be provided by the Board of Zoning and Appeals. This provision shall likewise apply to any application for the extension of a temporary conditional or special use.
- (4) If the Board of Zoning and Appeals finds that in an application the conditional use provided in this chapter or special use proposed and requested in said application will not conform to the general character of the neighborhood to which the proposed use will apply and that the public health, morals, safety and general welfare of such neighborhood will not be secured by granting such conditional use, then the Board of Zoning and Appeals shall deny such application, anything in this chapter to the contrary notwithstanding.
- (5) If, upon an application for extension of a conditional or special use, the Board finds that the applicant has violated the conditions imposed in the granting of same or if the Board finds that because of a change in the general character of the neighborhood the public health, safety, morals and general welfare will be adversely affected by the extension of such conditional or special use, then the Board of Zoning and Appeals may deny an application for extension of such conditional or special use, anything in this ordinance to the contrary notwithstanding.
- (6) Mother-daughter residences.
 - (a) Upon an application for a mother-daughter residence, as defined in § 70-231 of this chapter, § 70-225B(3) shall not apply; however, the applicant shall file with the Board the written consents received from, or proof of

written notice given to, all owners of property adjoining the property affected by the application.

- (b) Any mother-daughter residence legally in existence with a currently valid permit on April 1, 1997, shall be considered to be a legal nonconforming use with respect to any structural improvement in existence on April 1, 1997. Any subsequent structural improvement shall conform to the conditions of a mother-daughter residence, as defined in § 70-231.
 - (c) The fee owner of any residence which ceases to be a mother-daughter residence under the conditions listed in § 70-231 shall remove all cooking facilities from the apartment within 90 days of the change. As a condition of granting any application for a conditional use of a mother-daughter residence, the Board of Zoning and Appeals shall require the recording of a covenant to remove cooking facilities as aforesaid.
- (7) Changes to uses requiring conditional use permit; noncompliance.
- (a) ~~[Prior to making any changes to the kitchen of an establishment operating under a conditional use permit, either by the addition of equipment not on the approval plan, or through an increase in the size of existing equipment or in the size of the square footage of the kitchen, the holder of the conditional use permit]~~ **Any restaurant or retail food use** must apply to the Board of Zoning and Appeals ~~[for a review of the conditional use permit in order to ascertain whether the changes necessitate additional conditions.]~~ **if any of the following occurs:**
 - [1]. An increase in the size of an approved kitchen by 20% of floor area of said kitchen, or 250 square feet, whichever is less, inclusive of prep areas, is proposed.**
 - [2]. The addition or removal of counter/kiosk service for the placement of a food order.**
 - ~~[(b) The conversion of a restaurant to a fast food restaurant requires application to the Board of Zoning and Appeals for a new conditional use permit.]~~
 - ~~[(c) The addition of another tenant or food use within the premises containing a restaurant or fast food restaurant requires a new application and conditional use permit for each additional tenant or food use and compliance with the parking requirements of § 70-103A(1) of the Town Code.]~~
 - ~~(d)~~**(b)** Failure to comply with the conditions imposed in the decision of the Board of Zoning and Appeals may result in a revocation of the conditional use

permit. In the event that the conditional use permit is revoked, a new conditional use permit application must be made and the appropriate fees paid.
